

Delaware's 2026
ArcGIS Online
Storymap Competition
for middle and high school
students

***“Sustainability challenges
in your community”***

The Delaware Dept of Education and the Delaware GeoEducation community is excited to host the 2026 StoryMap competition.

The ArcGIS Storymap Competition is open to ALL High School (grade 9-12) and Middle School (grade 5-8) students resident in Delaware.

To participate, students must create a map-based story that explores the issue of SUSTAINABILITY and examines a sustainability challenge at either the school, community, state or national level.

Prizes will be awarded to top scoring submissions at both the Middle School and High School levels.

GeoMentors are available to help students (and teachers) translate their ideas into storymaps.

Important Dates:

Registration begins: 1/23/26

Pre-Registration (recommended) Deadline: 2/27/26

Map Submission Deadline: 5/1/26

Award Notification: 5/15/26
