STATEMENT OF REFEREE. I am acquainted with the officials who have placed their signatures on the reverse side of this form. I believe that they are competent and that they acted conscientiously and in good faith. The conditions were official in all respects. An anemometer(s), as prescribed by rule, was used and there was no tailwind (for sprints, hurdles, long jump or triple jump) in excess of 4.473 miles per hour. I recommend that the Interscholastic Records Committee accept this claim as a Delaware state record.

NOTE: Please explain if you disagree with any of the foregoing statement. You should also describe the condition of the track or field, the strength and direction of the wind, and any other factors which might have affected the performance of the athlete(s) or might influence the decision of the Interscholastic Records Committee.
