RE: LEA Determination Under the Individuals With Disabilities Education Act (IDEA)

#### Dear Ms. Parks:

Thank you for your ongoing dedication and commitment to educating students with disabilities. We encourage you to use the information in this report to celebrate growth and identify opportunities for continued improvement.

Under the IDEA, the Delaware Department of Education (Department) has a responsibility to review the data of local education agencies (LEAs) relating to targets identified in the State's Performance Plan (SPP) and to make annual determinations on LEA performance. The State must monitor the implementation of Part B, enforce Part B in accordance with the provisions at 34 CFR 300.604(a)(1), and (a)(3), (b)(2)(i) and (b)(2(v), and (c)(2), and annually report on performance under Part B. The primary focus of the State's monitoring activities must be on:

- Improving educational results and functional outcomes for all children with disabilities; and
- Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

For FFY 2018, LEAs are receiving their annual determination based on a combination of the following compliance and results indicators:

Based on a review of your LEA's data, the Department has determined your LEA <u>Needs Assistance</u> in implementing the requirements of the IDEA. As a result, your LEA is required to analyze related data and develop a continuous improvement plan addressing areas identified in your determinations in order to improve outcomes for students with disabilities in your LEA.

Attached, please find an overview of the "IDEA General Supervision & Reporting Requirements" along with an explanation of how your LEA's determination was calculated. The response table provides the Department's analysis of the reported data, and identifies, by indicator, your LEA's status in meeting its targets.

Your Exceptional Children Resources liaison, Maria N. Locuniak, Ph.D., NCSP, will be in contact with *Renee Ickes, Special Education Director* to provide technical assistance and discuss possible actions, including the development or revision of a Continuous Improvement Plan. In the interim, please do not hesitate to contact me by phone at (302) 735-4210, or by e-mail maryann.mieczkowski@doe.k12.de.us.

Sincerely,

Mary Ann Mieczkowski Director, Exceptional Children Resources

### IDEA General Supervision & Reporting Requirements

### The Department's General Monitoring Duties Under the IDEA

By way of background, the IDEA requires the Department to monitor the implementation of Part B of the IDEA in the LEAs throughout the State, and to annually report to the public on the performance of the State and each LEA. The Department's monitoring activities must primarily focus on: (1) improving educational results and functional outcomes for all children with disabilities; and (2) ensuring that public agencies meet the program requirements of Part B, with a particular emphasis on the requirements most closely related to improving educational results for children with disabilities. The Department is responsible for monitoring LEAs using quantifiable indicators in certain priority areas, and for using qualitative indicators to allow an adequate measure of performance in each area. IDEA regulations outline the three priority areas as: (1) the provision of FAPE in the least restrictive environment; (2) the State's exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services; and (3) disproportionate representation of racial and ethnic groups in special education and related services, to the extent such representation is the result of inappropriate identification.

### The State Performance Plan and Annual Performance Reports

The IDEA further requires the State to have a performance plan in place that evaluates the State's efforts to implement the requirements and purposes of Part B of the IDEA, and describes how the State will improve the implementation of Part B. As part of its State Performance Plan (SPP), the State must establish measurable and rigorous targets for various indicators under the three priority areas mentioned above. The SPP currently has seventeen indicators, and the State must report annually to the U.S. Department of Education on the performance of the State under the SPP.

In addition to its federal submission, the Department is responsible for reporting annually to the public on the performance of each LEA located in the State on the targets described in the SPP. On an annual basis, each LEA must use the targets established in the SPP, and the three priority areas mentioned above, to analyze and report on its local performance to the Department. In turn, the Department will review the LEA's performance and assign a determination level.

Based on the Department's analysis of data provided by each LEA, and information obtained through audits, monitoring visits, administrative complaints, due process proceedings, and any other publicly available information, the Department assigns one of the following determination levels: Meets the requirements and purposes of IDEA; Needs Assistance in implementing the requirements of IDEA; Needs Intervention in implementing the requirements of IDEA; or Needs Substantial Intervention in implementing the requirements of IDEA.

Federal and state regulations addressing the SPP, APR, and the LEA's reporting obligations can be found at 34 C.F.R. §§ 300.600-602, 646 and 14 DE Admin Code §§ 927.1.0 through 8.0, and §§ 40.0 through 46.0.

### FFY 2018 IDEA LEA Annual Determination Business Rules

Indicator	Description	Business Rule	Note/s
1 (20 U.S.C. 1416 (a)(3)(A))	Percent of youth with IEPs graduating from high school with a regular diploma.	Number of youth with IEPs in the current year's adjusted cohort graduating with a regular diploma Divided by the number of youth with IEPs in the current year's adjusted cohort eligible to graduate	NA- LEA had graduates but no special education graduates.  LEA did not have any graduates.
2 (20 U.S.C. 1416 (a)(3)(A))	Percent of youth with IEPs dropping out of high school.	Number of youth with IEPs (ages 14-21) who exited special education due to dropping out (did not graduate, did not die, or did not transfer to another school and was not included in the end of the year enrollment) Divided by # of students enrolled with IEPs (ages 14-21) on September 30	NA- LEA did not have students ages 14-21.
3B (20 U.S.C. 1416 (a)(3)(A))	Participation and performance of children with IEPs on Statewide assessments:  Participation rate for children with IEPs.	Number of children with IEPs participating in state assessments Divided by the total number of children with IEPs enrolled during the testing window, calculated separately for reading and math, and subtracting students with approved exemptions	NA- LEA did not have students who tested in that grade.
		Note: Denominator does not include students with approved exemptions from DDOE.  All students enrolled during the testing window are included – "Full Academic Year" filter is not used.	
3C (20 U.S.C. 1416 (a)(3)(A))	Participation and performance of children with IEPs on Statewide assessments:  Proficiency rate for children with IEPs against grade level, modified and alternate academic achievement standards.	(Number of children with IEPs scoring at or above proficient against grade level or alternate academic achievement standards Divided by the total number of children with IEPs who received a valid score and for whom a proficiency level was assigned, and, calculated separately for reading and math  Note: All students enrolled during the testing window are included – "Full Academic Year" filter is not used.	NA- LEA did not have students who tested in that grade.

4A (20 U.S.C. 1416(a)(3)(A); 1412(a)(22))	Percent of districts that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs.	State Determination: The number of LEAs that met the state established "N" size and exceeded the state bar (rate-ratio). Divided by Number of LEAs that met the state established "N" size  LEA Determination: Number of SWD Suspended or Expelled > than 10 days Divided by Number of General Ed Students Suspended or Expelled > than 10 days An LEA meets target if they exceed the rate ratio but had too few students in the cell. An LEA meets the target because they did not exceed rate ratio. An LEA does not meet the target if they	Indicator 4A is based on school year 2017-2018 date with a Rate Ratio of > 2.0 and an "N" size of 15, over 3 consecutive years of data  Or  Rate Ratio >5.0 and an n size of 5  State data is a calculation based on the number of LEAs that met the "N" size compared to the same LEAs that exceeded the rate ratio of 2.0
4B (20 U.S.C. 1416(a)(3)(A); 1412(a)(22))	Percent of districts that have:  (a) a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and  (b) policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.	exceed state established "N" size and the state bar (rate ratio).  State Determination: The number of LEAs that met the state established "N" size and exceeded the state bar (rate-ratio). Divided by Number of LEAs that met the state established "N" size  LEA Determination: Number of (race/ethnicity) SWD Suspended or Expelled > than 10 days Divided by General Ed Students Suspended > than 10 days in the LEA  An LEA meets the target if they exceed the rate ratio but had too few students in the cell. An LEA meets the target if they exceed the rate ratio but are in compliance. An LEA meets the target if they do not exceed rate ratio. An LEA does not meet the target if they exceed the state established "N" size and the state bar (rate ratio) and was found to be noncompliant.	Indicator 4B is based on school year 2017-2018 date with a Rate Ratio of > 2.0 and an "N" size of 10, over 3 consecutive years of data  Or  Rate Ratio >5.0 and an "N" size of 5  State data is a calculation based on the number of LEAs that met the "N" size compared to the same LEAs that exceeded the rate ratio of 2.0
