

P-20 Data Committee Meeting  
1/11/2011

The P-20 Data Committee met to continue work on the redesign of the P-20 data collection.

Discussion resulted in the following modification to IHE data files:

Student File – Additional Layout Changes

Definition of student – Any public school grad student enrolled at one of the participating institutions of higher education from 2006 forward.

Field 17 – Cumulative Credits (added 2011)

Field 18 – Current Status (added 2011). Begin reporting with the current cohort, current enrollment status according to field codes.

Field 19 - Graduated (added 2011). IHEs should report as they would to National Student Clearinghouse, i.e., Y = College reported the student as graduated, N = College did NOT report the student as graduated.

Field 20 – Graduation Date (added 2011). IHEs should report as they would to National Student Clearinghouse, i.e., Date of student's graduation or degree achievement as recorded by the reporting IHE.

Field 21 – Degree Title (added 2011). IHEs should report as they would to National Student Clearinghouse, i.e., the title of the degree the student received as recorded by the reporting IHE.

Field 22 – Major (added 2011). IHEs should report as they would to National Student Clearinghouse, i.e., the college major associated with the student's degree as recorded by the reporting IHE.

Course File

No additional layout changes, but please submit a new file and classify courses using 2-digit CIP codes.

Data Submission – General Considerations

Please align field labels with the file formats provided.

Please submit data fields in the order consistent with the file formats.

Please name your files consistently, e.g. UDEL\_Student\_2011Winter.csv.

Please provide your institution's term codes.
