MEMORANDUM OF UNDERSTANDING

BETWEEN

Delaware Technical Community College

AND THE

**DELAWARE DEPARTMENT OF EDUCATION
On Behalf of Local Education Agencies in the State Of Delaware***

**July 2019 – June 2022
(Three-year Term)**

The Delaware Department of Education (DDOE) and Delaware Technical Community College enter into this articulation agreement in order to facilitate the enrollment of students from the Delaware Natural Resource Management Career and Technical Education Program of Study into the Delaware Technical Community College.

Subject to terms of this agreement, a student who successfully completes the Delaware Natural Resource Management Career and Technical Education (CTE) Program of Study, which includes the following coursework: Introduction to Natural Resources (INR), Principles of Environmental Science (PES), Environmental & Natural Resource Stewardship (ENRS), and/or AP Environmental Science (ES) will be granted advanced standing in the Agriculture or Environmental Engineering program at Delaware Technical Community College (DTCC).

When a student completes the following coursework as part of an approved Career and Technical Education program at the secondary level – then the student may enter DTCC in the Agriculture or Environmental Engineering program with advanced standing in the following course(s) – and earn the following number of credits –

Agriculture:

Program of Study Courses or Requirements:	Academic Course Prerequisites:	DTCC Course Code:	DTCC Course Title:	Number of Credits:	Type of Advanced Standing:
Natural Resource Management <i>and</i> Supervised agricultural experience (SAE) as outlined below		SCI 223	Applied Ecology	3 Credits	• Articulation

Environmental Engineering:

Program of Study Courses or Requirements:	Academic Course Prerequisites:	DTCC Course Code:	DTCC Course Title:	Number of Credits:	Type of Advanced Standing:
Natural Resource Management Required Courses: Natural Resources and Ecology <i>and</i> Environmental Science Issues <i>and</i> Environmental Science (AP)	Life Science Physical Science (biology or chemistry) Algebra Demonstration of Mathematics and English Language Arts Readiness	ENV 190	Introduction to Environmental Science & Technology	3 Credits	• Articulation
Natural Resource Management <i>and</i> Supervised agricultural experience (SAE) as outlined below		SCI 223	Applied Ecology	3 Credits	• Articulation

Note: ENV 190 Introduction to Environmental Science & Technology may also be applied as a science elective toward the Business Administration transfer degree.

The terms of this agreement are as follows:

Delaware Local Education Agency will:

- Submit and have approved a Delaware Natural Resource Management Career & Technical Education (CTE) program of study proposal;
- Offer the Delaware Natural Resource Management CTE program of study as stated in the program proposal;
- Communicate details of the CTE program and this agreement to all stakeholders, which includes but is not limited to – local education agency staff, business and industry partners, principals, school counselors, teaching staff, parents, and students;
- Provide opportunities for students to complete a supervised agricultural experience (SAE) OR career development event (CDE) in the field of environmental science/natural resources;
- Identify an Natural Resource Management contact person at the local education agency central office who will communicate with Delaware Technical Community College regarding this agreement; and

Students will:

- Complete the entire Delaware Natural Resource Management CTE program of study by successfully completing all required courses;

- Earn a "B" letter grade in all Delaware Natural Resource Management CTE program of study courses and maintain an overall grade point average of 2.5;
- Complete and present documentation of a supervised agricultural experience (SAE) OR career development event (CDE) in the field of environmental science/natural resources;
- Receive a high school diploma;
- Meet all academic prerequisites as defined above and within the program of study;
- Provide a letter of recommendation from his/her lead program instructor;
- Meet the admission dates and procedures that apply to all new students at DTCC – applies to local education agencies that choose to offer the CTE coursework listed above through articulation;
- Apply within five years of high school graduation to be accepted; and
- Provide a copy of their official transcript and/or attainment of industry recognized credential upon request.

Delaware Technical Community College will:

- Award the appropriate number of academic and/or technical credits upon completion of the student's requirement – as specified in this agreement and upon appropriate review of the student's transcript and standing at the college or university;
- Supply the designee from the LEA with a list of opportunities to meet the supervised agricultural experience (SAE) requirement upon request. (Contact Dr. Daniele Kidd dkidd@dtcc.edu to request information.)
- Ensure credits are recorded on the student's transcript;
- Communicate details of this agreement to all stakeholders, which includes but is not limited to – academic leadership, department chair(s), faculty and adjunct faculty, customer service staff, program managers, career development office, and admissions; and
- Provide the Delaware Department of Education with the number of students matriculating from the Delaware CTE program of study into Agriculture or Environmental Engineering with advanced standing and the number of credits previously earned.

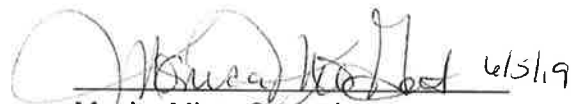

Delaware Technical Community College (DTCC) will work with staff from the Delaware Department of Education to support Career & Technical Education programs and provide local education agencies with technical assistance and information to help students matriculate to DTCC. The Delaware Department of Education will provide DTCC with a list of approved of this Delaware CTE program of study and LEA contact information. The Admissions Office of DTCC will work with students to assist in the registration process.
