Document No. 95-01/10/11/04

FOREWORD

This report is presented in three parts. Part I contains the actual unit allotment information for September 30, 2010, excluding Dover Air Force Base (DAFB). Statewide, the number of Division I units is 8,318.80 and the number of Division II units is 9,529.12. Please review the notes relating to units on page 24. These notes assist the reader by listing the units and other related information for special education schools and for certain vocational education programs.

Part II of the report contains district enrollment data for regular and special education students. Regular enrollments are presented by grade, grade grouping, school, district, county and state. Special education enrollments are presented by disability category, educational level, school, district, county and state. A number of these students spend a portion of the school day in special education programs, and the remainder of the school day in the regular program. Therefore, enrollment data are reported to two decimal places and reflect the number of full-time equivalent (FTE) students. Elementary enrollments include pre-kindergarten through grade six while secondary enrollments include grades 7 through 12.

Part III of the report contains data for regular and special education students enrolled in Charter Schools. These enrollments are presented in the same format as detailed in the above paragraph. In addition, the Charter School pages also incorporate district enrollments to provide a total state enrollment by category. It should be noted that Charter Schools first opened in the Fall of 1996.

Total district and charter school enrollment for September 30, 2010, excluding Dover Air Force Base (DAFB) is 127,944. This represents an increase of 1,673 students (+1.32%) over September 30, 2009 enrollment of 126,271. Enrollment at DAFB for September 30, 2010 is 559 students. The number of students enrolled in charter schools for September 30, 2010 grew to 9,525 an increase of 352. The enrollment trend continues to show steady growth with the last two years representing increases of 1.10% and 1.04%, consistent with this year's increase.
