

State of Delaware

Consent Education Annual Report*
2022

As required under 14 Del C §4167

This resource provides data on evidence-based or evidence-informed consent education programs used in Delaware districts and charter schools. Consent education focuses on defining unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries.

January 15, 2023

Background and Overview

On September 10, 2019, Senate Bill 78 of the 150th General Assembly was signed and made additions to Title 14, Chapter 41 § 4167 Consent Education. Consent education impacts educational programming and reporting. This is the second annual Consent Education Report. This report includes information related to implementation during the 2021-2022 school year.

The new statute reads:

Educational Programming - Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

Reporting - Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

- Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.
- The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

The following definition of "consent" was included in the statute and was added to [551 Regulation K-12 Comprehensive Health Education Program](#):

- "Consent" means the unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries. Consent does not include any of the following: (a) the lack of verbal or physical resistance or submission resulting from the use of force, threat of force, or placing another individual in fear or (b) a current or previous dating, social or sexual relationship.

Approach

As a result of the addition to Delaware Code, a small working group was developed and met in February 2020 to review available evidence-based and/or evidence-informed educational programming that would meet the requirements of new law within Regulation 851, which has since been renamed [Regulation 551](#). This working group was developed to identify potential educational programs that could be used to meet the needs of the requirement. The working group was co-chaired by Sabra Collins (Delaware Department of Education) and Tammy Croce (Delaware Association of School Administrators). Members included representatives from DDOE, CPAC, and several school districts as well as representatives from the Beau Biden Foundation.

The working group selected five evidence-based or evidence-informed training programs (listed below) that are available to attend to consent education. Unlike the Erin's Law requirement, consent education allows districts and charters local control and gives them the autonomy in selecting from the provided materials or any evidence-based, evidence-informed programming of their choice.

- Amaze
- Botvin
- One Love Foundation
- Planned Parenthood- partnered with Christiana Care
- Teachconcent.org

Information on these programs was provided to districts and charter schools in advance of the 2020-21 school year. **Appendix A** includes a copy of the original one pager identifying the programs and resources. DDOE provided support to districts and charter schools upon request as well as professional development opportunities from Amaze.org, One Love Foundation, Botvin and Planned Parenthood during July and August of 2020.

District, Charter Reporting Process

For the purposes of this report, districts and charter schools submitted to the DDOE the evidence-based or evidence-informed education program(s) they implemented during the 2021-2022 school year, the person responsible for overseeing the requirement, the number of students instructed and the person(s) responsible for delivering the instruction in the 2021-2022 school. The districts and charters were not required to use one of the provided educational programs/resources. To collect this information, DDOE provided districts and charter schools with a report template to be completed no later than November 15, 2022.

Nineteen (19) districts and 20 charter schools serving students in pre-k through grade 6 completed this template (see **Appendix B**). Where data were not reported on the report template provided, DDOE used data from the Delaware Report Card.

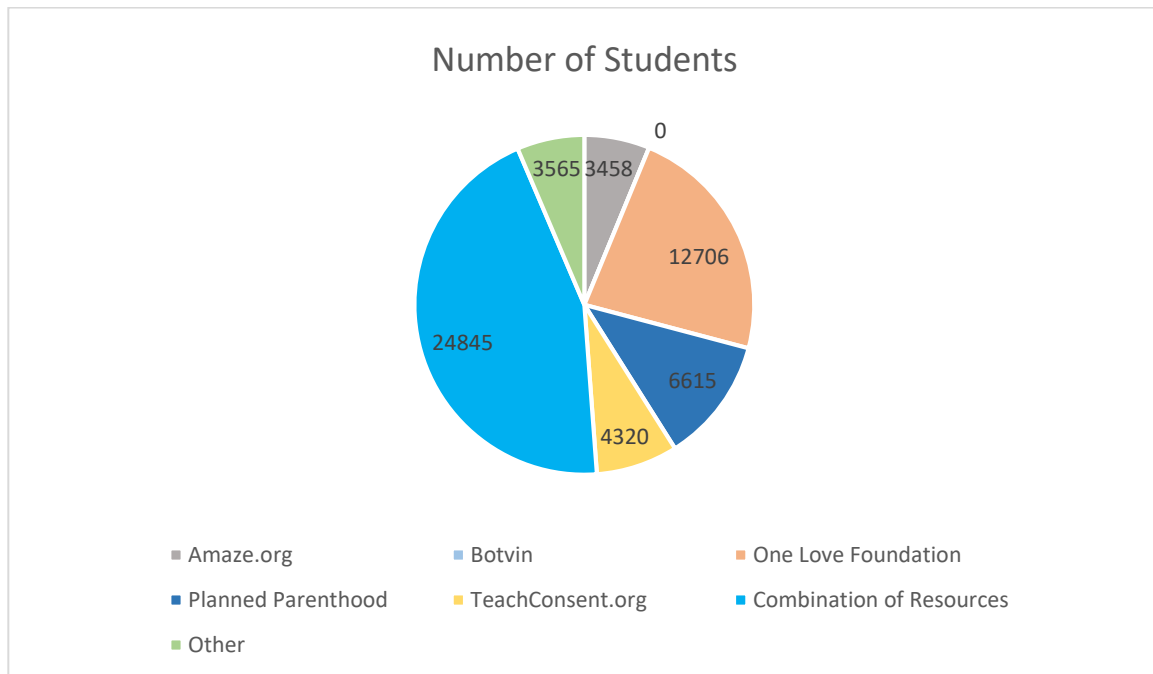

Results and Discussion

Student Counts

It was reported that 55,509 students received age- and developmentally- appropriate instruction on the meaning of Consent and respecting others' personal boundaries, during the 2021-2022 school year.

The table below shows the breakdown of the different programs that were used within district and charter schools to attend to consent education during health education programming.

Total students trained by programs

Data collection: Nineteen (19) districts and 20 charter schools serving students in 7th to 12th grade reported this data to DDOE (see **Appendix B**).

APPENDIX A

Consent Education Information

There was an addition to Delaware Code last session that requires consent be taught in grades 7-12. (Copied below.) This goes into effect with the next school year – 2020-2021.

The Department pulled together a work group to help identify educational programming to assist the districts and schools. At this time five resources/programs have been identified as being evidence-informed or evidence-based. The list of resources includes but is not limited to the following, professional development information is also provided:

- [Amaze](https://us02web.zoom.us/j/84451234567) (evidence-informed): August 4th, 2020 at 10 am; please register at <https://us02web.zoom.us/meeting/register/tZlqduGgqT4rH9HUAeHnJjYnz0-5245L3fyl>
- [Botvin Life Skills](https://www.lifeskillstraining.com/overview-webinar-presentations/) (research-based): July 28th, 2020 at 11 am; please register at <https://www.lifeskillstraining.com/overview-webinar-presentations/>
- [One Love Foundation](https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS) (evidence-informed): Slide show from past presentation can be found at https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS
- [Planned Parenthood](https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS) (evidence-based): August presentation being developed, informational flier can be found at https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS
- [Teachconsent.org](https://teachconsent.org) (evidence-informed): No presentation scheduled at this time

The decision for which program to choose, whether from this list or from others that may be identified at the local level, continues to be a local decision. It is strongly recommended that schools/districts review consent material prior to providing to teachers and students as many of the instructional materials available at this time are catered to college level students and videos or activities may not be age appropriate.

Many of the programs listed above have professional development opportunities for teachers in preparing to teach consent. Please reach out to Sabra Collins with questions or concerns, Sabra.Collins@doe.k12.de.us.

§ 4167 Consent Education.

a. Educational Programming. Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships. b. Reporting.

1. *Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for*

the individual designated under this subsection to the Department of Education no later than September 15 of each year.

2. Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

3. The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

APPENDIX B

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Early College School@Delaware State University

Consent Education Coordinator (contact name): Evelyn A. Edney, Ed.D.

Coordinator Email: evelyn.edney@echs.k12.de.us

Coordinator Phone: 302-857-3510

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2021 count)
Early College School@DSU	Health Class and Advisory Program	9-12	342

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

The students at the 9th grade level will receive instruction in two places: health class via the health teacher and in Advisory via the Advisory teacher. Students in grades 10-12 will receive follow-up instruction in Advisory class via the Advisory teacher and guest instructors/speakers.

ECCHS also provides instruction to parents during Parent Academy Sessions with topics such as digital footprints, monitoring teen’s mental health, monitoring teen’s behavior, Title IX.

Grade 9

Health Class by Unit, Key Concepts, National Health Education Standards, Learning Activities

Unit	Unit Name	Key Concept	Essential Standards	Learning Activity

Grades 10-12 Advisory Class

Students attend Advisory Class four times per week. The Advisory serves as a support system for all students. It is a place where students can feel safe and connected to staff and other students. Students will focus on personal and academic growth while acquiring the necessary life skills needed to become a productive and positive citizen. Students will be actively engaged in creating an environment where diversity is appreciated and develop the self-esteem necessary to feel that they can make a difference in the world.

Advisory offers emotional support for students during adolescence. The social networks that are so important at this age can be disrupted by the transfer to high school. Advisory offers support in two forms. First, it supplies built-in peer groups for all students in a high school, including new students. Second, it gives students an adult who knows them well and who can offer advocacy and support in difficult social and academic situations. This is especially true for students who have few close adult relationships outside school or are at risk of dropping out. Ideally, the advisory teacher is someone the student knows he or she can trust and talk to about his or her progress and standing in the school.

Advocates of advisory programs see a direct link between a student’s emotional and social experience and academic achievement. Advisory promotes self-esteem. It provides peer recognition in an accepting environment, offsetting peer pressure and negative responses from peers in other areas. Students in advisory programs are less likely to drop out and have a lower incidence of substance abuse. By having a more in-depth relationship with teachers, parents are more informed about their child’s academic needs and successes and can better support them.

In order for an advisory to be effective, it must reflect and be a substantial component of the school’s mission. An advisory is not just an “add-on” to the curriculum: it requires a substantial investment of time, planning and reflection. Even schools that have maintained their advisories over many years constantly reconfigure them -- often every year -- in order to effectively address the needs of students and the school.

Advisory provides a personalized and trusting environment that nurtures the physical and emotional well-being of all students and supports academic success through the building of community and the ability to make sound moral and ethical life choices.

Non-Academic Topics Covered in Advisory: Internet safety, personal safety, making the right choices, Bullying, Dating Violence, building healthy relationships, anxiety/stress/mental health, defining respect and respecting others.

ECHS Parent Academy 2021-22

Parent Academy will be held immediately following the monthly PTSA business meeting. Parent Academy is designed to educate parents on varying academic subjects like college readiness, college application, studying habits, etc. In addition, Guest speakers provide presentations on internet safety, bullying, dating violence, healthy teen relationships, Title IX, etc. These Academy sessions are held monthly for one hour.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
 - The health curriculum is taught by the health teacher (six sections of 32 ninth graders in 90-minute classes for 90 school days)
 - The textbook is entitled, *Health* (ISBN-13: 978-0133270303; ISBN-10: 0133270300)
 - Savvas *Health* ©2014 delivers high school students the tools necessary for developing and enhancing healthy behaviors that influence lifestyle choices. This relevant, integrated text and video program stimulates classroom discussion, helping students' master skills essential to successful health education. Teachers can expect an unparalleled array of resources delivered online via iPad, Android or DVD, including a variety of differentiated instruction components that support academic achievement at every learning level.
 - Advisory Classes are each day for one hour for all four grades.
 - PTSA Parent Academies are held once per month for one hour.
 - Brandywine Counseling & Community Services is a new partner for ECHS@DSU. Currently, it provides prevention education programs through its SQUAD (Students on a Quest Uniting Against Drugs/Alcohol) and Pop (Peer Outreach for Prevention) through the ECHS Health classes for Grade 9. With the ECHS College Readiness Hornet Help Program, Brandywine Counseling can provide more programing for families as well as students.
 - The Center for Child Development provides professional therapists who partner with school districts to provide mental health services directly in the schools. The therapists are trained to handle issues such as depression, anxiety, self-esteem, poor social skills, anger management, etc. Counseling is offered on a voluntary basis and provided in the school setting. Services include individual, family and group counseling, as appropriate. Counseling will not conflict with academics; rather it is hoped that it will enhance academics as well as, other aspects of the child's and family life. The CCD also provides workshops for parents and teens.
 - The Delaware State University Title IX Compliance educates ECHS staff, students, and parents on issue/questions/concerns regarding Title IX.
 - The Delaware State University Police provides a School Resource Officer who educates ECHS students, staff, and parents on safety and emergency preparedness, as well as internet safety, bullying, and teen dating violence and making good choices.

- [Teachconsent.org](https://teachconsent.org); Planned Parenthood will be used during the second semester of the 2020-21 school year.

3. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

- Physical Education Teacher
- Health Education Teacher
- School Counselor
- School Nurse
- Presenter from selected program/resource
- Other (Please explain): Advisory Class Teacher

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Evelyn A. Edney, Ed.D.

Submission Information:

Please submit the completed form by **November 15th**, to:

Sabra Collins

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: EastSide Charter School

Consent Education Coordinator (contact name): Marco Alberti

Coordinator Email: marco.alberti@escs.k12.de.us

Coordinator Phone: 302.584.8808

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2021 count)
EastSide Charter School	Consent Education by Children & Families First	7 & 8	104

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

Consent education was provided by the Adolescent Resource Center at Children & Families First. The session was held in a blended session where students from all class were able to virtually participate with an outside speaker. Students from each homeroom logged in on individual school devices with headphones and followed along as the presenter engaged them with the program. Session was 90 minute session on November 4, 2021.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2022/2023 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

FSMA students are required to take a Health Education Course and Physical education throughout high school years. Additionally, our 9 grade students are required to take the Academic Foundations Course that is built around developing healthy relationships, communication skills, and social-emotional competencies. The Foundations Course utilizes the School Connect Curriculum.

The instructional Time for Health Education, PE, and Academic Foundations Course is 190 min per week for each course.

All students in grades 9-12 are effectively served by our guidance counselor, Mrs. Amber Ponchak who organizes targeted group counseling sessions and invites mental health professionals for the groups of students in need.

2. During the 2022/2023 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Taught in Person

Resources:

- Project School Wellness Curriculum (Consent Chapters)
 - What is Consent
 - How to Ask for Consent
 - Confidently Grant or Deny Consent
 - Google Slides
 - Pre and Post Assessment
- Educate and Empower Kids: Boundaries.
 - Lesson in Google Slides and Work Sheet

***F.R.I.E.S**

- Google Slide Lesson with student understanding assessment (credit to Melanie Lynch, National Health Teacher of the Year)

Videos:

- Tea, Consent
- 2 Minutes Will Change the Way You Think About Consent”

Duration:

- Lessons: 5
- Hours: 5+ including student work Program Description:

“Students will understand, what, why and how consent is important and necessary”

What:

- What are boundaries, and how to label and define behaviors that make them uncomfortable.
- How to create healthy personal boundaries
- What they can do when boundaries are crossed and who they can go to for help.
- What consent is: (F.R.I.E.S.)
- How to ask for consent
- How to give consent
- How to confidently deny consent, say no
- How to handle and respect “no” as an answer

WHY:

- So you are not misunderstood, and you do not misunderstand your partner’s boundaries
- Consent is not optional
- It is the law
- To make the connection that boundaries go both ways; how we want to be treated is how we should treat others.

HOW:

- Teacher narrated Google Slide presentations
- Student worksheet to demonstrate knowledge
- Proper use of vocabulary, Google Form
- Student role play: how to ask for consent
- Student role play: how to refuse, practice different ways to communicate “no”

Name: List 5 questions someone should ask to make sure consent is given.	Period: List 4 responses someone would give if they are cool with what’s happening?
List 3 non-verbal cues that show cooperation, permission or readiness	Draw an image or emoji that would mean things are Cool.

Name:	Period:
--------------	----------------

Three non-verbal cues or reactions that show discomfort or displeasure are....	Consent does NOT involve.....
Consent CAN'T be given when either partner is..... 1. 2. 3.	Draw an image or emoji that would indicate things are NOT OK

CLASS DISCUSSION PROMPTS:

- When and where do people need to practice consent?
- How does the presence or absence of consent impact a person's well-being?
- How do you feel when a person does something to you without your consent (in general, not a sexual situation)? How does this impact your relationship?
- How do you feel when a person does something to you with your consent (in general, not a sexual situation)? How does this impact your relationship?

EXIT TICKETS: (assigned after specific lessons)

- #1 How is consent the foundation of positive human interaction?
- #2 How do we know if things are NOT ok?
- #3 WE don't give consent when.....

RUBRIC: Class Discussion

- Exceeding Expectations: Discussion Student engaged in the class discussion; sharing responses that were highly thoughtful, detailed, and relevant.
- Meeting Expectations: Student engaged in the class discussion; sharing responses that were mostly thoughtful, detailed, and relevant.
- Approaching Expectations: Student engaged in the class discussion; sharing responses that were somewhat thoughtful, detailed, and relevant.
- Not Yet Meeting Expectations: Student engaged in the class discussion; sharing responses that lacked thoughtfulness, detail, and relevancy.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 §4167(a)

- Physical Education Teacher

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

Consent Education was provided to all students during the 2021/2022 school year. In 10th grade, the lesson on Consent was taught during Health class within the unit on Sexual Health & Healthy Relationships. Our Health teacher, Teacher Cody, was responsible for providing instruction. For all other grade levels, the one-period lesson on Consent was provided by our Emotional Supports team. They pushed into classes to facilitate the lesson and discussion with students, while also educating students about our Teen Dating Violence and Title IX policies.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)
We partnered with Planned Parenthood and used their "Making Proud Choices" course material
2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
[Title 14 §4167\(a\)](#)
 - Physical Education Teacher
 - Health Education Teacher
 - School Counselor
 - School Nurse
 - Presenter from selected program/resource
 - Other (Please explain): Presenter from Planned Parenthood

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Rachel Clark

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Great Oaks Charter

Consent Education Coordinator (contact name): Lasonja Curtiss.

Coordinator Email: lcurtiss@greatoakswilm.org

Coordinator Phone: 302-660-4790

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2021 count)
Great Oaks Charter	11/21	7-12	318

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

During Homeroom, Nearpod presentations on Consent Education were facilitated in homeroom classrooms using “Ask, Listen, Learn” materials (30 minutes). We also used resources from <http://www.teachconsent.org/facilitators>.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
Title 14 §4167(a)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

The program utilized for Consent Education is from IPPF “It’s All One Curriculum”. The International Planned Parenthood Federation (IPPF) launched the program “Know it Own It! Your Sexual Rights which consists of a 1 hour lesson (My Private Space) for 8-12 years olds that helps students identify appropriate boundaries for touch and their personal space including consent and a 1 hour lesson (The matter of consent) for 13-18 year olds to help students understand and appreciate the importance of consent in any sexual situation; to strengthen abstract thinking skills. In addition, we also partner this curriculum with “Overcoming Obstacles” curriculum Module 2: Decision-Making, which consist of 5 lessons: 1) Making Decisions Big and Small, 2)Gathering Information, 3)Identifying Options, 4)Weighing Options and Consequences, and 5)Making A Choice. This curriculum taught our students how to identify factors that influence the decisions they make and help them recognize the use of their power to make clear decisions- even when the decision is difficult.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

ASPIRA High School	Be Proud, Be Responsible	8 th grade scholars and 9 th grade	16 – 8 th grade scholars 89 – 9 th graders

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

7 & 8th grade were taught three 45 min lessons on the topic of consent via information from Christiana Care and Planned Parenthood. Focus was on the “FRIES” consent method. Ms. Alexis Boltz, Health teacher, delivered the information via in-person classes, PPT and Schoology.

At the high school we use Be Proud, Be Responsible. This is provided in person and conducted by an outside agency (Christiana Care). Instruction was provided for approximately 9 hours over a span of 2 weeks.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

MOT Charter High School	Teachconsent.org Rise Above	9th	189 9 th graders

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

During the 2021/2022 school year, I gathered materials and information from Teachconsent.org and Rise Above. Between watching different video examples of consent and participating in classroom discussions, the students were exposed to a variety of ways to completely understand the meaning of consent. Time constraints restricted the actual lesson plan on consent to one class period, but the information was used throughout the entirety of the Family/Social Unit.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

The Health and PE teachers taught Consent during their Human Sexuality and Healthy Relationships units as a part of their 7-10th grade health curriculum. They used TeachConsent.org and One Love Foundation.

Students in 7/8th grade will received 1 hour (1.5 45-minute lessons) and 9/10th graders received 3 hours (2 90-minute lessons) on Consent. Worksheets and videos created by Teach Consent and the One Love Foundation were used to guide discussion, help provide clear and consistent vocabulary around the concept of Consent and help model consent to empower students as they move out into the world.

7th/8th grade focused on appropriate vs inappropriate touching, personal values, setting and respecting boundaries, refusal skills and building healthy relationships.

9th/10th grade focused on relationship values, setting and respecting boundaries, physical and emotional intimacy, teen dating violence, and building healthy relationships.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

Power Up, Speak Out!

This program includes five lessons to encourage middle school students to think critically about healthy relationships, power dynamics, boundaries, and consent. These lessons teach students what to do, instead of what not to do.

These lessons will be taught to 7th, 8th, and 9th graders through their PE/Health class during the 2021-2022 school year. Each year after, (2022-2023 and beyond), the lessons will be taught to 7th graders and any new students attending POCS in grades 8 and 9.

5 Lesson Toolkit (40-50 minutes each):

1. Healthy Relationships – Students will define a relationship as a connection between two or more people, and identify healthy relationship statements.
2. Power in Relationships – Students will examine the concept of one-sided power and two-sided power in peer relationships, and identify Red Flags.
3. Boundaries in Relationships – Students will identify that personal boundaries are self-created, can change, and need to be respected, use the Red Flags to examine when personal boundaries are not respected, and identify “put-downs” as an example of disrespecting personal boundaries.
4. Consent in Relationships – Students will define consent as permission to cross a boundary, identify forms of consent, identify “got consent?” statements, and examine the lack of consent by applying the Red Flags and Boundaries.
5. Healthy Relationships in Action – Students will identify conditions that make it easy or difficult for people to be themselves, be treated well, be able to say no, and have fun in their relationships, and identify how they can use their power so that everyone can be themselves in their peer and dating relationships.

Girls Empowered

This is a monthly program that has been implemented to empower the female students who attend POCS. Our Licensed Clinical Social Worker (LCSW) organizes guest speakers, outside agencies who instruct our students, and develops lessons of our own to address issues such as body image, social media, healthy relationships, etc.

During the 2021/2022 school year, female students would meet every couple of weeks for 45 minutes with instructors from the Delaware Adolescent Program Inc. (DAPI) to complete a 13-week curriculum called Love Notes. This has been organized through Girls Empowered by our LCSW. The curriculum addresses making wise relationship and sexual choices, focuses on recognizing your own values, understanding red flags of unhealthy relationships, and developing skills to form and maintain healthy relationships. We intend to continue implementing this in the Fall of school years to come, as long as DAPI is still providing this curriculum instruction to the community.

Guys Group

This is a monthly program that has been implemented to empower the male students who attend POCS. Our Licensed Clinical Social Worker (LCSW) and PBIS Coordinator organizes guest speakers, outside agencies who instruct our students, and develops lessons of our own to address issues such as body image, social media, healthy relationships, etc. During the 2021-2022 school year, male students are meeting every couple of weeks for 45 minutes with instructors from the Delaware Adolescent Program Inc. (DAPI) to complete a 13-week curriculum called Love Notes. This has been organized through Guys Group by our LCSW. The curriculum addresses making wise relationship and sexual choices, focuses on recognizing your own values, understanding red flags of unhealthy relationships, and developing skills to form and maintain healthy relationships. We intend to continue implementing this in the Fall of school years to come, as long as DAPI is still providing this curriculum instruction to the community.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2021 count)
Providence Creek Academy	Health	7 and 8	7-76 8-71

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

The planned delivery structure for the educational programming is designed to be part of the direct instruction in the 7th and 8th grade Health course. The certified teacher is responsible for providing the instruction. Students use the textbook *Teen Health*, published by Glencoe. 7th Grade students participate in PE & Health twice per week; 8th grade students participate once per week.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

[Title 14 §4167\(a\) \(3\)](#)

Name of School District/Charter: [Click here to enter text.](#)

Consent Education Coordinator (contact name): [Click here to enter text.](#)

Coordinator Email: [Click here to enter text.](#)

Coordinator Phone: [Click here to enter text.](#)

Odessa High School	Yes And.....Learning Consent as a Lifelong Necessity	9-12	9- 307 10- 331 11- 283

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

ALL MS-Yes And.....Learning Consent as a Lifelong Necessity for grades 6-8. I spent 3 lessons consisting of 45 mins each in length over the course of our Consent Unit. The curriculum materials were provided by Planned Parenthood of Delaware. The materials used focused on defining what Consent is, the State of Delaware's age of Consent laws, the F.R.I.E.S. model, and a videoclip demonstrating what each component of the F.R.I.E.S. model looks like. In addition, students looked at specific scenarios and determined if Consent was present or not.

High Schools

1)We use a variety of resources to teach Consent Education throughout our Relationships and Sexuality unit over ten class periods at 90 minutes. Consent is taught or practiced in skills based work. A curriculum resource used is Planned Parenthoods "Be Proud! Be Responsible!" Curriculum which utilizes values and consent as a large component. The students also practice accessing valid information by using the source [Rainn](#) to analyze current consent laws in Delaware. Videos like [Consent as Tea](#), [Planned Parenthood](#) and [FRIES](#) are used to prompt discussion and explain consent. Scenarios are also analyzed

to determine if Consent was present or not, students also practice the skill of communication in creating consent scripts.

2) Yes And.....Learning Consent as a Lifelong Necessity. We covered Consent over 2 class periods which were 1.5 hours each.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Implementation of Consent Education curriculum was delivered by CRSD teachers and specialists utilizing the Teach Consent.org curriculum.

CRSD is committed to enabling young people to access comprehensive health education as it relates to consent and healthy boundaries. Education about consent is essential for building healthy and respectful relationships and protecting potentially vulnerable people from harm. The lessons and units presented from the primary curriculum engage students in grades 7 through high school with the wide range of issues which may relate to their lives. The lessons cohere with relevant policies and procedures for the environment and have been adapted, as deemed necessary.

CRSD used a number of resources to deliver Consent Education to students in grades 7, 8, and high school with the primary source being Teach Consent. This is not an inclusive list of all resources –

- Teach Consent (teachconsent.org) – PRIMARY RESOURCE
- Dcadv.org (<https://dcadv.org/welcome.html>)
- Delaware’s Healthy Relationships Curricula (<https://safeandrespectful.org/wp-content/uploads/Healthy-Relationships-Curricula-Delaware.pdf>). This standards-based curriculum is learning focused and includes units for grades 6- and 9-12. The units and evaluation tools provided in this packet can also be accessed on the Health Education Model Units of Instruction section of the DDOE website.
- SecondStep (John S. Charlton)

The John S. Charlton School is a special school that serves students with severe cognitive abilities. Therefore, lessons and materials have been modified and adapted and the number of hours will vary based on the environment. The teachers and specialists modified and adapted the above resources and the SecondStep curriculum to ensure students had an understanding about consent, boundaries, abuse, trust and respect.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

At Cape Henlopen High School, the Be Proud! and Be Responsible! Programs were used. Both are provided through Planned Parenthood. Both programs combined are taught for six class periods each semester and they are taught toward the end of each semester.

At the middle schools we used Planned Parenthood: “Yes, and…” curricular materials. The program consists of three modules per grade band (7 – 9) allowing for age-appropriate instruction. The three modules are 1. What is Consent?, 2. What is NOT Consent? And 3. How and When to Ask for Consent. This curricular resource comes with instructor professional learning to help develop instructors’ skill prior to teaching as well as resources if students disclose a consent violation. The delivery takes three days of approximately 90 minutes each day and includes resources for teaching students in a remote environment as well as in-person. A full description of the materials including activities and plans can be found at

https://drive.google.com/file/d/1v2-t5q4MwDKU-Gt-C_vNASLnNQ2nsxxV/view

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Capital School District

Consent Education Coordinator (contact name): Carie Steelman/Eugene Montano

Coordinator Email: carie.steelman@capital.k12.de.us

Coordinator Phone: 302-857-4230

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2022 count)
Central Middle School		7-8	7 th : 415 8 th : 482
Dover High School		9-12	9 th : 561 10 th : 527 11 th : 404 12 th : 392

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Health teachers at both the middle and high schools, delivered the curriculum and lessons in a mixed digital model with resources and videos from the AMAZE platform. These lessons were incorporated into Google interactive slides and provided to students as Schoology assignments for them to work through and complete. The AMAZE program provides relevant sexual health videos, educational resources, and lesson plans to promote appropriate adolescent development. Teachers developed lessons connecting healthy and unhealthy relationships, which took place over the course of a week with about 250 minutes dedicated to these topics. These assignments are completed as part of in person class work, as well as asynchronous work by students and provided opportunities to engage with topics that are meaningful to developing healthy relationships.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Consent Education Implementation Report

School Year: Implementation during 2021 - 2022

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Tuesday November 15, 2022**. This report captures implementation from last school year (2021-2022).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Christina School District

Consent Education Coordinator (contact name): Nathalie Princilus

Coordinator Email: Nathalie.princilus@christina.k12.de.us

Coordinator Phone: 302-552-2600

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12^a and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2020 count)
Brennen	Lauren’s Kids, modified	7th-12th	
Christiana High School	TeachConsent.org	7th-12th	1002
Delaware School for the Deaf (DSD)	Planned Parenthood	7th-12th	35
Gauger-Cobbs Middle School	One Love, TeachConsent.org	7th-8th	623

Glasgow HS	ARC and Planned Parenthood	9th-12th	708
Kirk Middle School	Planned Parenthood	7th-8th	491
Newark High School	ARC	9th-12th	1037
Shue-Medill Middle School	One Love	7th-8 th	614
The Bancroft School	Planned Parenthood	7 th -8th	163
The Bayard School	Planned Parenthood	7th-8 th	159

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Health/PE teachers used online materials during their consent education lessons. The number of lessons varied, based on staffing and student attendance. The number of instructional hours included 1 hour per group to 3.5 hours over 3 lessons.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

William Penn High	One Love and Botvin	9-12	2270

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

Consent education was delivered in grades 7-12 during health and/or PE classes. For those students grade 11 and 12 who are not participating in a health/PE class, we utilized our Academic Advisory to identify activities that can be delivered on a schedule to be able to work with all students. At the high school, the primary vehicle will remain the health and/or PE class. They utilized the instructional materials available from One Love and Botvin (accessible online) over multiple class sessions (each class around 1 hour in length at the middle school; 1.5 hour block classes at the high school)

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

The Indian River School District has provided all middle and high school Health teachers with two resources: our approved *HealthSmart* curriculum and teachconsent.org. Consent education instruction is planned collaboratively through district PLCs which are held up to 3 times per year on calendared district-wide Professional Learning Days. IRSD Health teachers also have a collaborative Schoology page where they share ideas and resources that can be used in their instructional planning, including consent education.

In middle schools, consent education is delivered during an 8th grade *Family Health and Sexuality* unit which teaches students about healthy boundaries in relationships and how to communicate overall in a relationship, including communicating personal boundaries. Beginning in 2020, this 8th grade content will be adapted for use with 7th grade students as well. In high schools, consent education is covered through a unit on *Mental and Emotional* health which discusses developing and communicating healthy boundaries. The length of time engaged in consent education ranges from one full lesson that can take anywhere from 1 to 3 classroom periods of at least 40 minutes each, to two to three lessons that may take a full week of classroom instruction.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain. [Title 14 §4167\(a\)](#)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

For the 2021-2022 school year, we implemented each program indicated in the table above. For the Planned Parenthood Consent lesson, this was provided to the students during their 9th grade health course, and instruction will be provided by the 3 teachers that currently have a Health sections. It was embedded in the current health curriculum, during the unit that discusses good and bad discussion making. This instruction was delivered over a two-day period. At W.T. Chipman, we utilized the Teach Consent curriculum, and spent two days going through the curriculum with the students. Students receive this curriculum in 7th grade.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

Milford Highschool- The High School Health Educators were trained by Planned Parenthood to teach Consent Education. Two different curriculums are used to teach Consent Education in the High School: Be Proud Be Responsible and Discovery Health. The High School Health Educators were trained by Planned Parenthood to teach Consent Education. Two different curriculums are used to teach Consent Education in the High School: Be Proud Be Responsible and Discovery Health. Be Proud Be Responsible is taught over 2-3 class periods (approximately 3.5 hours of instruction) and Power Point Slides are used to guide group instruction. Students also complete a worksheet that coincides with the slides. The topic of Consent is also covered again in the Sex Education chapter when use of contraceptives is discussed. Contraceptives are covered in the Discovery Health text book, but Consent is not. Teachers use supplemental materials (slides and guided group discussion) to revisit consent during this chapter. This is an additional one period (67 minutes) of instruction. All of our MHS Health classes are currently being taught in person.

Milford Central Academy- MCA uses Yes, and... Learning Consent as a Lifelong Necessity. The program is developed by collaboration from Planned Parenthood of Delaware, The alliance for adolescent pregnancy prevention and the Sexual Assault Response Center. The program that is used covers the definition of sexual consent, the Delaware law regarding consent, and the FRIES model as an acronym to help the students recognize all parts of consent that need to be present. Students are provided with a note sheet with this information and then complete a matching assignment where they are given several scenarios and they have to decide if the example is consent or not, and what part of the FRIES model it falls into. At the conclusion of the lesson we discuss who are trusted adults in the student's life that they could talk to about situations regarding this topic. They are also provided with nation and state hotline numbers should they be in a situation where they feel their consent is violated.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 §4167(a)

Howard High School utilizes Planned Parenthood and the Be Proud, Be Responsible/Making Proud Choices resources for consent education. This program is used for the Sexual Education unit of Health and lasts for an average of 8 weeks in person but can be provided in a similar way virtually/hybrid.

Consent specific education is mixed throughout this unit and is taught, reviewed, and worked through multiple times during the unit. Specifically, students work through video lessons with evidence-based responses (page 88), question and answer discussions (page 91), affirming beliefs (page 92), practicing skills (page 109), key learnings (page 112), and role play practice (page 143).

Aspects of this program are also pulled out and added to an earlier unit (Injury Prevention) during the Healthy and Unhealthy relationships section. These specific lessons cover consent for an average of 2 total hours. The Sexual Health unit covers consent for an average of 3-4 total hours.

The full program materials have been linked below. These are research-based materials via Planned Parenthood.

[Title 14 §4167\(a\)](#)

Seaford Middle School and Seaford High School will use The Safer, Smarter, Teens curricular resources.

The Middle School curriculum resources teaches students how to recognize danger and how to use their personal power to say “no,” get help, and set boundaries. Middle school students learn about the warning signs of unsafe situations and what actions they can take to reduce risks, stay safe, and access help. There are 7 curriculum lessons. Lesson 1: Self Esteem and Personal Power; Lesson 2: Fitting in and Acceptance; Lesson 3: Grooming and Boundaries; Lesson 4: Abuse, Disclosure and Getting Help; Lesson 5: Isolation – Staying Safe in a Virtual World; Lesson 6: S.A.F.E. It’s OK to Tell; Lesson 7: Human Trafficking.

The High School curriculum addresses personal safety and the balance of power in relationships and topics such as sexual abuse, sexual harassment, and dating violence. This curriculum will empower students to know what to do in an unsafe situation, who to turn to for help, and how to help a friend in need. There are 6 curriculum lessons. Lesson 1: Personal Rights and Responsibilities; Lesson 2: Healthy vs. Unhealthy Relationships; Lesson 3: The Problem of Sexual Abuse; Lesson 4: Dating Violence; Lesson 5: Advocacy in Action; Lesson 6: Human Trafficking.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Smyrna Middle School	One Love Foundation	7-8	1077
Smyrna High School	One Love Foundation	9-12	1722

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2021/2022 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Students in grades 7-9 were taught Consent Education in Health Class while students in Grades 10-12 were provided resources through the school counselors, guest speakers and targeted assignments. Consent education utilizes evidence informed instruction on the meaning of consent and respecting others' personal boundaries as a part of the Family Life and Sexuality Unit(s). In direct collaboration with Delaware Department of Education Health Standards, adopted from the National Health Education Standards, consent education aligns with NHES standards 2,3,4,5,7 and 8. Instruction is provided by licensed educators and their respected guidance departments.

Consent education resources include One Love Foundation online curricula, webinars, workshops and G-W Comprehensive Health Skills curriculum. Three concepts are prioritized in dealing with the overall understanding of consent and laws in Delaware, Signs of Healthy Relationship and Signs of an Unhealthy relationship. One Love Foundation online resources, Delaware Laws via Delaware government website, G-W Comprehensive Health Skills textbook and materials.

2. During the 2021/2022 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
