November 9, 2020

Dear Charter School Accountability Committee,

Providence Creek Academy would like to thank you for allowing us to present information about our academic, organizational, and financial success over the last five years at our renewal meeting on October 27, 2020 and for the comprehensive follow-up report that we received on November 4, 2020.

The only item requested by the Charter School Accountability Committee was an updated copy of our Student Code of Conduct which can be accessed [here](#).

We would like thank the Charter School Accountability and the Delaware Department of Education for creating such a collaborative process.

Please let us know if there is more we can do to support this process.

Signed,

Denise Stouffer
Head of School
