

## Model Performance Task Prompt Cards

**Name:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Directions:** Use the following three prompt cards to record the key speaking points from your reflection that will help you present your graphic panels for the performance task.

- My graphic panels capture a tragic experience of an imagined upstander, Anna Jensen, which visually captures the horrific incidents of the Holocaust.

- I wanted viewers to feel the dark and somber tone of this moment, so I used only dark pencil.
- I also wanted viewers to understand Anna's distress, so I showed drew her upset facial expression and included a speech bubble with her words, "Dear God, no."

- I want people to learn about the ways Jewish people, like the baker, were taken from their everyday lives and murdered by the Nazis.
- We have to remember that this happened so that it never happens again and hopefully my visual will help people to have empathy for victims.
