Good morning, I wanted to take this opportunity to speak on behalf of the Charter School of New Castle. My wife Priscilla and I were invited to speak at the Library in New Castle two weeks ago. Unfortunately, we went to the wrong library which was located on New Castle Ave, and we missed our chance to speak about our daughter's experience. When I think of CSNC, I naturally think of "FAMILY" first and foremost. Our daughter has attended CSNC since she was in kindergarten. She is currently a 7<sup>th</sup> grader at the middle school. We think of CSNC as family because of the supportive, loving, and professional teachers and administrative staff we have encountered. The faculty at CSNC has played an integral role in our daughter's academic excellence, her social emotional growth, as well as her athletic success. This journey we have been on with CSNC has given my wife and I peace of mind, because we know she is receiving the best from every adult in the building. We feel confident that when she enters high school she will continue to excel because of the academic, social, and athletic foundation that has been set for her by CSNC and their wonderful staff. Thank you on behalf of my wife Priscilla and our daughter Hailey..
