Dear Ms. Berry:

The Department of Education has received a charter modification application to delay the opening of the Bryan Allen Stevenson School of Excellence (BASSE) to September 2024.

Your minor modification request to delay the school's opening date by one year is hereby approved. As a result of this delay, the deadlines for the pre-opening requirements have been extended by one year.

Pursuant to 14 Del. C. §511(a): "If an approved charter is modified to delay the initial opening of the school, then the expiration date of the initial term of the charter shall be adjusted accordingly." Therefore, the expiration of the charter will be June 30, 2028.

If you have any questions, please contact Leroy Travers at (302) 735-4020.

Sincerely,

A handwritten signature in black ink that reads "Mark A. Holodick". The signature is fluid and cursive, with a large, sweeping flourish at the end.
