Section 11. In an effort to ensure the efficiency of operations of state government, the Office of
Management and Budget will work with agencies to identify positions within their organizations that can be targeted
for reallocation and/or attrition. Notwithstanding any other provision of law to the contrary, the Director of Office
of Management and Budget shall, upon the concurrence of the Controller General, have the authority to reallocate
personnel costs, as well as positions, throughout and among respective state agencies, including the Judiciary and
Other Elective offices, in order to meet critical workforce needs. Further, the Director of the Office of Management
and Budget, upon the concurrence of the Controller General, shall de-authorize targeted positions, where
appropriate, as they become vacant throughout the fiscal year.
Section 12. Section 1 of this Act includes an appropriation for Salary/OEC Contingency in the Office of
Management and Budget, Contingencies and One-Time Items (10-02-11) Substitute Reimbursement in the
<u>Department of Education, District and Charter Operations (95-02-02)</u> . Included in said appropriation is funding for
paid family leave. For local education agencies, funding available for this program shall be limited to a maximum
value of the daily rate of a Class A substitute as specified in 14 Del. C. § 1326 and current year other employment
costs. Local education agencies shall submit the request for contractual substitute reimbursement to the Department
of Education and funding shall be transferred to the local education agencies for eligible costs.
Section 13. With the exception of the custodial work associated with Legislative Hall and the Governor's
Office, the Office of Management and Budget may not hire any permanent, full-time custodial employees in any
fiscal year without the concurrence of the Controller General.
Section 14. All agencies receiving an Energy appropriation in Section 1 of this Act must work through
Department of Natural Resources and Environmental Control and the Office of Management and Budget to attain
any contract(s) dealing with the retail wheeling of natural gas or electricity. This includes agencies 01 through 95
with the exception of the University of Delaware.
During the current fiscal year, all energy use systems for new facilities and/or rental/leasing changes must
be coordinated with the Division of Climate, Coastal, and Energy within the Department of Natural Resources and
Environmental Control and with the Office of Management and Budget.

heating oils) for the purpose of reimbursing a host internal program unit/budget unit must release the remaining
sums to the host internal program unit/budget unit in the event that the tenant internal program unit/budget unit

vacates the premises. It is the responsibility of the host internal program unit/budget unit to initiate the transfer request. Those agencies which are budgeted energy as a result of occupying a portion of a host facility's property, and do not directly pay energy bills, may not transfer energy funds other than to the host agency.

Section 15. Notwithstanding any other provision of the Delaware Code or this Act to the contrary, the Office of Management and Budget, subject to the approval of the Controller General, is authorized to make technical adjustments to the personnel complement of any agency as appropriated in Section 1 of this Act in those situations where, due to the rounding of split-funded positions, such an adjustment is necessary so that an agency may establish its authorized complement.

Section 16. Notwithstanding Merit Rules 4.4.2 and 4.4.3, approval of a rate higher than 80 percent of the midpoint which results in a need for leveling-up to address pay compression or pay equity, as defined by a criteria established by the Secretary of the Department of Human Resources, shall only occur with the concurrence of the Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, provided that sufficient funds exist within the agency's base budget to fund such actions.

Notwithstanding any provisions of this Act or the Delaware Code to the contrary, no provision of Chapter 4.0 of the Merit Rules shall be considered compensation for the purposes of collective bargaining under 19 Del. C. § 1311A or for Merit Employees organized under 19 Del. C. c. 16. The Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, with the concurrence of the Co-Chairs of the Joint Finance Committee, shall promulgate policies and procedures to implement this section.

Section 17. In an effort to reduce the financial impact of workers' compensation and property losses to the State, agencies and school districts shall work with the Insurance Coverage Office to implement safety and return to work policies. Any employee who has been on workers' compensation shall be a preferential hire for any position for which the employee is qualified. In accordance with state law, the employee shall receive a salary supplement based on that employee's prior earnings in the event the new salary is less than their current salary.

Section 18. In accordance with the provisions of 29 Del. C. § 5106, effective for all fiscal years commencing after June 30, 2003, exceptions to the standard practice of paycheck deductions shall be made for employees paying dues to the Delaware State Education Association (DSEA). All employees designating that DSEA membership dues be deducted from their bi-weekly paycheck shall have those dues deducted from the 22 pay

periods occurring within the 10 month school year. This change will facilitate the maintenance of the state payroll system, as well as establish a consistent process for managing the collection of dues from members of DSEA.

Section 19. Notwithstanding Chapter 10.0 and Chapter 19.0 of the Merit Rules, upon approval by the Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the Controller General, temporary appointees may be assigned to the same position as that already assigned to a permanent employee.

Section 20. Employees of the State of Delaware who are enrolled in a health insurance benefit plan must actively participate in the open enrollment process each year by selecting a health plan or waiving coverage. Should such employee(s) neglect to enroll in a plan of their choice during the open enrollment period or waive coverage, said employee(s) and any spouse or dependents enrolled at the time will be enrolled into the default health plan(s) as determined by the State Employee Benefits Committee.

Section 21. Notwithstanding any provision of the Delaware Code to the contrary, 29 Del. C. § 5207 shall not apply to individuals employed in accordance with 29 Del. C. § 5903(17).

Section 22. Any group defined in 29 Del. C. § 5209(a), (d) or (e) that elects to participate in the State of Delaware Group Health Insurance Program (GHIP) is required to submit a letter of intent to the Director of Statewide Benefits and Insurance Coverage at least four months prior to their effective date of coverage. Groups who choose to join the GHIP will be required to execute a Participating Group Agreement in the form required by the Statewide Benefits Office.

Section 23. The responsibilities and authorities established by 75 Del. Laws, c. 243 shall remain in effect through the current fiscal year or upon passage of legislation by the General Assembly. The following provisions shall apply:

Section 49. Within the Judicial Branch (02-00-00) are several agencies, termed Non-Judicial Agencies (02-18-00), that provide advocacy and oversight of other government agencies. These agencies, which are overseen by statutory boards or commissions, include the Office of the Public Guardian (02-18-01), the Office of the Child Advocate (02-18-05), the Maternal and Child Death Review Commission (02-18-06), and the Delaware Nursing Home Residents Quality Assurance Commission (02-18-07). The Judicial Branch provides administrative support to these agencies, such as human resources, technology, and accounting services, but it has no supervisory authority. Locating these advocacy agencies within the Judicial Branch conflicts with its impartial administration of justice. It also puts the agencies in a difficult position of competing with the Judicial Branch for operational and budget priorities. To remedy the conflict and to allow these agencies to advocate for their priorities, it is the intent of the General Assembly to explore the relocation of these agencies.

The General Assembly requests a report from the Administrative Office of the Courts, Office of the State

Court Administrator (02-17-01), consulting with the Non-Judicial Agencies and the Executive Branch,

recommending options and costs for budgetary and organizational relocation of these agencies. The report shall be

- submitted to the Director of the Office of Management and Budget, the Director of Budget Development and
- 2 Planning, the Controller General, and the Co-Chairs of the Joint Finance Committee no later than February 1, 2024.

Delaware non-public school (private and home school) students shall not be subject to a tuition-based driver
education program for the program's initial offering at rates approved by the Co-Chairs of the Joint Finance

Section 328. (a) The Public School Transportation Committee, consisting of representatives from the Department of Education, the Office of the Controller General, the Office of Management and Budget and

representatives for bus contractors and school district transportation supervisors shall make recommendations to the Director of the Office of Management and Budget and the Controller General for revisions to components of the transportation formula no later than April 1 of each fiscal year.

- (b) Public School Transportation funds are allocated in the amount of \$156,214.7-\$166,833.9 in accordance with the transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:
 - (1) The per gallon price used to calculate the fuel allowance shall be based on the state contract bid price for fuel plus \$0.07 per gallon for districts and plus \$0.31 per gallon for contractors. For districts and contractors north of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located south of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a small-sized tank (275 1,900 gallons). Upon determination by the Department of Education that a contractor located north of the Chesapeake and Delaware Canal and operating five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

The initial fuel rates shall be based on the state contract bid price as of June 1 of the preceding fiscal year. Funding adjustment will be made when the annual average price increases or decreases by at least \$0.05 per gallon. The first review will be based on the annual averages through December 31 of each year and additional reviews will be conducted each month thereafter until April 30. Timing and frequency of fuel adjustments shall be determined by the Department of Education, in collaboration with the Public School Transportation Committee. Reviews may also be conducted at any time upon the request of the Director of the Office of Management and Budget and the Controller General. Propane school buses will receive the same fuel allowances and be subject to the same adjustment as diesel school buses;

(2) For the current fiscal year, the allowable cost of a new unused bus that was purchased by a contractor and put on contract and that was produced between January 1, 2022 2023 and December 31, 2022 2023 (as noted on the school bus identification plate) shall begin its seven year capital allowance schedule using the 2021 2022 state bid price for new school buses, minus 2

percent for salvage value, plus 11 percent to account for dealer charges and profits not reflected in the state bid price due to the higher number of buses being purchased and the lag time between ordering and delivery. Any bus produced on or after January 1, 2022 2023, must meet the current federal emissions requirements in order to receive a capital allowance. Any bus produced and placed in service after January 1, 2022 2023 shall be entitled to an allowance based on the 2022 2023 state bid price.

A used bus placed in service shall utilize the allowance schedule which would have been allowed had the bus been placed in service when new based on its production date. The bus shall receive the remaining years of capital allowance. The Department of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 2022 2023. In addition to the procedure for establishing the allowable cost of a new bus specified above, the Department of Education is requested to structure its bids for buses in Fiscal Year 2023 2024 in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, the lowest base bid of an awarded contract minus 2 percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor;

- (3) For the current fiscal year, the school bus contractor insurance allowance shall remain the same;
- (4) For the current fiscal year, the fixed cost allowance for district and contractor buses shall include funding for the provision of emergency communication devices. The Department of Education is authorized to bring school districts or private contractors operating school buses equipped with cellular phone technology under a state negotiated cellular phone contract; and
- (5) For district operated pupil transportation services, bus driver and driver aide salaries shall receive an increase commensurate with the general salary increase enumerated in Section 8 of this Act in years in which one is provided.
- (c) Except as specified in this section, or for changes in the price of fuel, or for the adjustments of those items changed by state or federal laws, the Department of Education shall not change the transportation formula

unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.

- (d) The Department of Education shall calculate the formula amounts for each district as provided herein but shall only provide 90 percent of such calculation to each school district. The contract formula amount is the maximum funding that any public-school transportation contractor is eligible to receive through a combination of state and local funds. Homeless transportation funding shall be provided to school districts and charter schools at 90 percent of the total cost for approved, eligible students. This excludes transportation for foster children.
- (e) Of the appropriation allocated for public school districts, funding is allocated to purchase air conditioned buses to transport special need students. The Department of Education is authorized to allow the purchase of air-conditioned buses required to transport special education students that have a medical need for air conditioning (specified by a physician).
- (f) \$1,800.0 is allocated to address the final year of recommendations in the Public School Transportation

 Committee report, dated May 4, 2018. These funds shall be used to increase the daily rate for administrative expenses.
- (g)(f) \$16,935.5 is allocated to address recommendations in the Public School Transportation Committee Report, dated March 30, 2022, for the following purposes: \$11,735.5 \$2,700.0 is allocated to increase the minimum hourly rate for bus drivers; \$3,800.0 \$3,300.0 is allocated to increase the daily rate for administrative expenses as the final part of a two-year phased in increase per the recommendations of the Public School Transportation

 Committee Report, dated March 30, 2022; and \$1,400.0 is allocated to increase the basic maintenance allowance by 30 percent.
- (h)(g) It is the intent of the General Assembly that to the maximum extent possible, any funds provided through the school transportation formula to provide hourly rates for bus drivers, that these funds shall go directly toward increasing the salaries of bus drivers and to address workforce shortage and retention issues.
- Section 329. It is the intent of the General Assembly to make progress toward implementing the recommendation of the Public School Transportation Working Group to address school bus operating cost factors not reflected in the school transportation formula, which has been in existence since 1977. These factors include, but are not limited to, environmental compliance requirements for school bus maintenance, maintenance costs of advanced technology on school buses and school bus driver training requirements.

Of that amount, \$3,700.0 shall be dedicated to the 15 recommendations of the Redding Consortium for Education Equity in December 2020, including additional quality 16 measures. These funds shall be used to provide free, quality, full-day services for at least 200 children ages 3 and 4 17 facing the most serious barriers of race and poverty. The Department of Education will work with the Department of 18 Health and Social Services to identify and notify eligible families living in the feeder patterns for elementary schools 19 with high percentages of students classified by the Department of Education on its public web site as low income. 20 These children shall be identified no later than October 1, 2022, and their families shall be notified by the 21 Department of Education of their eligibility no later than November 1, 2022. Further, it is the intent of the General 22 Assembly to phase in additional appropriated funding in subsequent years. 23 The Department of Education is authorized to administer a competitive bid process in accordance with 29 24 Del. C. c. 69, 19 soliciting applications from school districts, charter schools, and non-public providers to provide 25 the services funded through this Section. The RFP for programming funded by this Section shall award funds for a 26 three-year period of time, subject to continued appropriation. Through that process, the Department shall establish a 27 per slot/child rate that will increase favorable outcomes for children facing barriers of race and poverty by providing 28 full-day services to children, ensuring competitive staff salaries and benefits and proper certification requirements

for educators supporting this program, and allowing for appropriate staff-child ratios. Staff salaries and staff-child ratios should be established consistent with the standards and assumptions used in the Redding Consortium's recommendations. The RFP and per slot/child rate for programming funded by this Section shall specifically allow for applicants to apply for funds for professional development, technical assistance, expansion planning, curriculum, supplies, non-capital equipment, staff recruitment and retention incentives, family/parent engagement, family services staffing, student follow-up, and tracking of outcomes. The RFP for programming funded by this Section should, if feasible, allow applicants to apply for funds in the same application in which they apply for Early Childhood Assistance Program (ECAP) funds, and make explicit that application for programming funded by this Section does not affect an applicant's eligibility for the ECAP program. However, funds appropriated pursuant to this Section shall not be used for any purposes not explicitly authorized by this Section.

Each provider will offer a comprehensive program, based on Head Start Program Performance Standards, and implement:

- (a) Interpersonal interactions with well-trained and highly skilled teachers that tailor their interactions to fit the needs of the child—using responsive language, engaging all children in classroom activities, fostering independence, and creating a language rich environment, and use an appropriate curriculum to structure the learning experience.
- (b) Physical environment, both indoors and outdoors, where children can play, explore, and learn safely and include engaging and developmentally appropriate materials and be arranged to promote independence and exploration based on children's different stages of development.
- (c) Program support structure that includes effective leaders who can provide instructional support to teachers as well as sound business management to the overall program to implement a high-functioning operating environment.

Any provider meeting Head Start Program Performance Standards and otherwise meeting the requirements of this Section should be permitted to apply for funds appropriated pursuant to this Section, regardless of that provider's participation in other state programs.

The Department must prioritize applicants who can meet higher standards including full-day programming at a minimum of six hours per day and at a minimum of 180 days per year and teachers who are early childhood certified. The Department of Education shall provide a written report to the Office of Management and Budget and

the Controller General on January 1, 2023 2024, with respect to implementation of the program funded by this Section.

Section 368. Section 1 of this Act provides funding to the Department of Education, Academic Support (95-01-02) Workforce Support (95-01-04) for contractual services. This funding includes an allocation to Jobs for Delaware Graduates, Inc. to support school-to-work transitional services for middle and high school students in Delaware.

Section 369. Section 1 of this Act makes an appropriation to Department of Education, District and Charter Operations, Other Items (95-02-02) of \$1,000.0 for Mid-Year Unit Count. These funds are intended to provide additional state funding for enrollment growth that occurs after the September 30 unit count each school year. The Department of Education is authorized to conduct a mid-year unit count on the last school day of January in each fiscal year for all school districts and charter schools. The mid-year unit count shall be conducted in the same manner as the annual September 30 unit count. Upon certification of the mid-year unit count, the Department shall allocate this funding to each school district and charter school that experienced net enrollment growth on a prorated basis, weighted for needs-based funding as defined in 14 Del. C. §1703, as a percentage of the statewide net enrollment growth. School districts and charter schools receiving funding through this allocation shall have flexibility in the use of these funds to support costs associated with the increased enrollment. Any school district or charter school that experienced a decrease in enrollment after the September 30 unit count shall be held harmless and are not required to return any funds earned prior to the mid-year unit count. The Department shall explore the necessary programming, including costs, to include changes in needs-based funding categories for existing students to be incorporated within enrollment growth calculations in the future.

Section 370. Section 1 of this Act appropriates \$2,000.0 to Department of Education, District and Charter Operations, Education Block Grants (95-02-05) for Substitute Teacher Block Grant. These funds shall be used to employ full-time, 10-month substitute teachers to provide temporary teaching to pupils when a regular classroom teacher is unavailable. Allocation of funds shall be targeted to high needs elementary, middle and high schools, with populations of 50 percent or more low-income students. The Department of Education, Office of Management and Budget and Controller General's Office shall develop the allocation methodology of these funds by July 1st.

Individuals employed using these funds shall be paid for 10 months at a starting salary equitable to no degree, step 1 in accordance with 14 Del. C. §1305. Individuals hired under this subsection must possess a

- bachelor's degree from an accredited institute of higher education. Notwithstanding any provision of the Delaware

- 3 local contribution of personnel costs associated with this appropriation.
- 4 To ensure success of these individuals, each school district and charter school shall develop and implement
- 5 a professional development program specifically designed for these substitute teachers that, at a minimum, includes
