The Delaware Department of Education's Teacher & Leader Effectiveness Branch has created a suite of resources educators can utilize during the Student Improvement Component goal-setting process.

- Goal Setting Measure B One-pagers provide historical student performance data on approximately 90 internal Measure B assessments.
- *Target-Setting Guidance Document* provides examples of strong methods for setting goals and targets as well as some pros and cons for each approach.

• Goal and Target-Setting Worksheets – Excel templates that can be used to easily calculate targets and final ratings.
