Investment and Goals

Mental Health and/or Reading (05311)	Cost	Expected Impact (Explain the expected impact of this investment on multilingual learners and/or students experiencing poverty.)
* School counselor	* \$ 83,736.00	* Wilmington Manor Elementary School has a large number of students whose families experience multiple moves, are dependent on extended family (i.e., grandparents) for child supervision and support and who experience a high degree of economic instability, which can result in a large number of student absences, social-emotional challenges and academic struggles. The school counselor at Wilmington Manor is integral to providing direct support to low income or EL students who require at least "Tier II MTSS" intervention. The expected impact is an improvement in student attendance, behavior, and academic data.
