Dear Margie,

On behalf of the Town of Georgetown, I am writing to express our strong support for the establishment by ASPIRA Delaware of a new dual language (English-Spanish) public charter school for grades K-5 in Georgetown. We believe that this new school will provide invaluable educational opportunities for students and families in our community.

The mission of ASPIRA Delaware to offer dual language immersion education is not only timely but also critical to the academic success of our diverse community. With a growing number of multilingual households in our area, the need for a school that fosters fluency in two languages while maintaining academic excellence is essential. We are confident that the dual-language approach will empower students to thrive both academically and personally, preparing them for success in a globalized world.

We are confident that ASPIRA Delaware will serve as a model of inclusivity and innovation, offering families a high-quality educational option that aligns with our own goals of promoting equity and access for all.

We are excited to support ASPIRA Delaware in its efforts to create a nurturing and academically rigorous environment. The school's emphasis on dual-language instruction will not only enhance educational outcomes but also celebrate the rich cultural and linguistic diversity of our community.

We look forward to collaborating with ASPIRA Delaware to support the success of this endeavor.

Sincerely,
