* Paraprofessional #1	* \$ 36,569.00	* Although First State Military Academy has a small number of MLL Students, we set up an effective way to embrace MLL students for appropriate services. Our paraprofessionals serving our MLLs will be under the supervision of the Special Education Supervisor and Supervisor of Operations and School Programs, who will purposefully schedule their services as a push-in model. The paraprofessionals will be working on all aspects of the language development (speaking, reading, writing, and listening) of the MLL students. The paraprofessionals will work collaboratively with regular education teachers to alleviate home communication using assisted technology. The paraprofessionals will be working with MLL students in both the classrooms and other student activities to develop their language. The paraprofessionals will collaborate with the School Counselor on effective scheduling MLL students and maximizing the impact of the service by the paraprofessionals. The potential impact of the paraprofessionals on MLL students' performance will be measured by both their WIDA testing progress and academic growth demonstrated in the enrolled courses. The paraprofessionals will also be working with MLL students during Enrichment in a pull-out setting.
