

State of Delaware

Consent Education Annual Report*

2024

*As required under 14 Del C §4167

This resource provides data on evidence-based or evidence-informed consent education programs used in Delaware districts and charter schools. Consent education focuses on defining unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries.

January 10, 2025

Background and Overview

On September 10, 2019, Senate Bill 78 of the 150th General Assembly was signed and made additions to [Title 14, Chapter 41 § 4167 Consent Education](#). Consent education impacts educational programming and reporting. This is the third annual Consent Education Report. This report includes information related to implementation during the 2023-2024 school year.

The statute reads:

Educational Programming - Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

Reporting - Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

- Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.
- The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

The following definition of "consent" was included in [Title 14, Chapter 41 §4161](#) and was added to [551 Regulation K-12 Comprehensive Health Education Program](#):

- "Consent" means the unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries. Consent does not include any of the following: (a) the lack of verbal or physical resistance or submission resulting from the use of force, threat of force, or placing another individual in fear or (b) a current or previous dating, social or sexual relationship.

Approach

As a result of the addition to Delaware Code, a small working group was developed and met in February 2020 to review available evidence-based and/or evidence-informed educational programming that would meet the requirements of new law within [Regulation 551](#). This working group was developed to identify potential educational programs that could be used to meet the needs of the requirement. The working group was co-chaired by Sabra Collins (Delaware Department of Education) and Tammy Croce (Delaware Association of School Administrators). Members included representatives from DDOE, CPAC, and several school districts as well as representatives from the Beau Biden Foundation.

The working group selected five evidence-based or evidence-informed training programs (listed below) that are available to attend to consent education. Unlike the Erin's Law requirement, consent education allows districts and charters local control and gives them the autonomy in selecting from the provided materials or any evidence-based, evidence-informed programming of their choice.

- Amaze
- Botvin
- One Love Foundation
- Planned Parenthood- partnered with Christiana Care
- Teachconcent.org

Information on these programs was provided to districts and charter schools in advance of the 2020-21 school year. The Education Associate for Physical Education, Health and Wellness at the Department continues to share information about Consent Education programming with the Health and Physical Education (HPE) Advisory group. **Appendix A** includes a copy of the original one pager identifying the programs and resources. DDOE provided support to districts and charter schools upon request as well as professional development opportunities from Amaze.org, One Love Foundation, Botvin and Planned Parenthood during July and August of 2020.

District, Charter Reporting Process

For the purposes of this report, districts and charter schools submitted to the DDOE the evidence-based or evidence-informed education program(s) they implemented during the 2023-2024 school year, the person responsible for overseeing the requirement, the number of students instructed and the person(s) responsible for delivering the instruction in the 2023-2024 school year. The districts and charters were not required to use one of the provided educational programs/resources. To collect this information, DDOE provided districts and charter schools with a report template to be completed no later than November 15, 2024.

Nineteen (19) districts and 20 charter schools serving students in grades 7-12 completed this template (see **Appendix B**). Where data were not reported on the report template provided, DDOE used data from the Delaware Report Card.

Results and Discussion

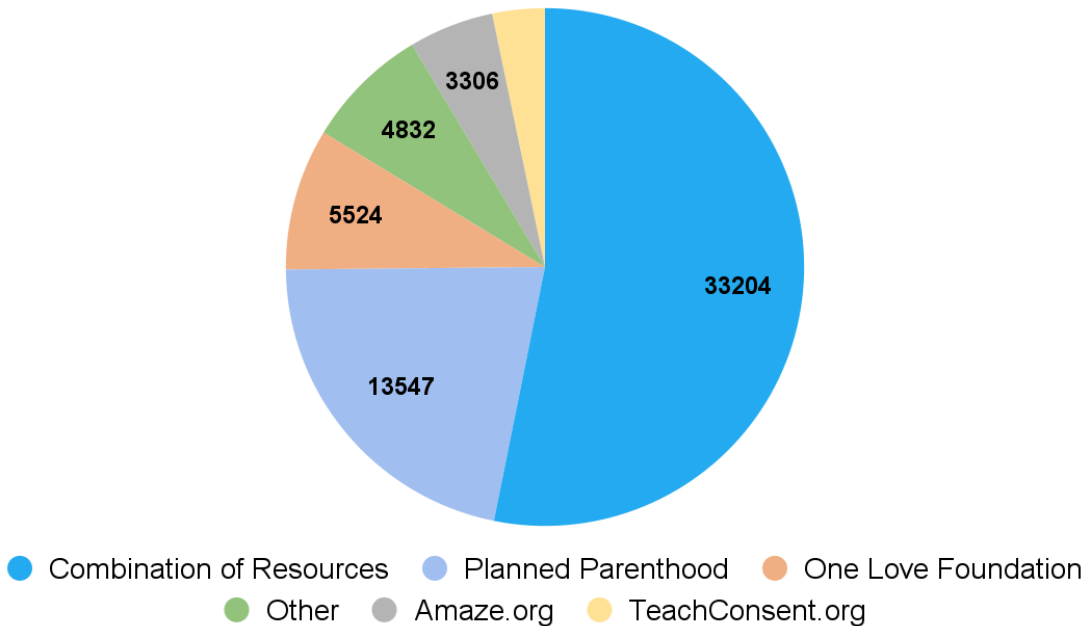

Student Counts

It was reported that 60,413 students received age- and developmentally- appropriate instruction on the meaning of Consent and respecting others’ personal boundaries, during the 2023-2024 school year.

The table below shows the breakdown of the different programs that were used within district and charter schools to attend consent education during health education programming.

Total students trained by programs

Number of Students

Data collection: All nineteen (19) districts and 20 of the 21 charter schools serving students in 7th to 12th grade reported this data to DDOE (see **Appendix C**).

APPENDIX A

Consent Education Information

There was an addition to Delaware Code last session that requires consent be taught in grades 7-12. (Copied below.) This goes into effect with the next school year – 2020-2021.

The Department pulled together a work group to help identify educational programming to assist the districts and schools. At this time five resources/programs have been identified as being evidence informed or evidence-based. The list of resources includes but is not limited to the following, professional development information is also provided:

- [Amaze](https://us02web.zoom.us/j/84451220000) (evidence-informed): August 4th, 2020 at 10 am; please register at <https://us02web.zoom.us/meeting/register/tZlqduGgqT4rH9HUAeHnJjYnz0-5245L3fyl>
- [Botvin Life Skills](https://www.lifeskillstraining.com/overview-webinar-presentations/) (research-based): July 28th, 2020 at 11 am; please register at <https://www.lifeskillstraining.com/overview-webinar-presentations/>
- [One Love Foundation](https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS) (evidence-informed): Slide show from past presentation can be found at https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS
- [Planned Parenthood](https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS) (evidence-based): August presentation being developed, informational flier can be found at https://drive.google.com/drive/u/0/folders/1WerNHk8UKN_i1fMRw4GANjAle07HfrrS
- [Teachconsent.org](https://teachconsent.org) (evidence-informed): No presentation scheduled at this time

The decision for which program to choose, whether from this list or from others that may be identified at the local level, continues to be a local decision. It is strongly recommended that schools/districts review consent material prior to providing to teachers and students as many of the instructional materials available at this time are catered to college level students and videos or activities may not be age appropriate.

Many of the programs listed above have professional development opportunities for teachers in preparing to teach consent. Please reach out to Sabra Collins with questions or concerns, Sabra.Collins@doe.k12.de.us.

§ 4167 Consent Education.

a. Educational Programming. Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships. b. Reporting.

- 1. Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for*

the individual designated under this subsection to the Department of Education no later than September 15 of each year.

2. Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

3. The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

APPENDIX B

Consent Education Implementation Report

School Year: Implementation during 2023 - 2024

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Friday November 15, 2024**. This report captures implementation from last school year (2023-2024).

General Information:

Middletown High School	Planned Parenthoods "Be Proud! Be Responsible!" Curriculum	9-12	1039
Odessa High School	Yes And.....Learn ing Consent as a Lifelong Necessity	9-12	1080

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

ALL MS-Yes And.....Learning Consent as a Lifelong Necessity for grades 6-8. We spent 3 lessons consisting of 45 mins each in length over the course of our Consent Unit. The curriculum materials were provided by Planned Parenthood of Delaware. The materials used focused on defining what Consent is, the State of Delaware’s age of Consent laws, the F.R.I.E.S. model, and a video clip demonstrating what each component of the F.R.I.E.S. model looks like. In addition, students looked at specific scenarios and determined if Consent was present or not.

High Schools

1)We use a variety of resources to teach Consent Education throughout our Relationships and Sexuality unit over ten class periods at 90 minutes. Consent is taught or practiced in skills based work. A curriculum resource used is Planned Parenthood’s “Be Proud! Be Responsible!” Curriculum which utilizes values and consent as a large component. The students also practice accessing valid information by using the source [Rainn](#) to analyze current consent laws in Delaware. Videos like [Consent as Tea](#), [Planned Parenthood](#) and [FRIES](#) are used to prompt discussion and explain consent. Scenarios are also analyzed to determine if Consent was present or not, students also practice the skill of communication in creating consent scripts.

2) Yes And.....Learning Consent as a Lifelong Necessity. We covered Consent over 2 class periods which were 1.5 hours each.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). Title 14 §4167(a)

The teachers in BSD have been more recently trained in Be Proud Be Responsible or Making Proud Choices. Each classroom, either has the teacher or an outside speaker from these programs provide instruction on the required consent education to our health education students.

If the teacher is providing the lessons, the teacher will use provided lessons, videos, worksheets, and activities to cover the consent content.

Consent will be taught in a unit over several 45 minutes lessons (middle school) and 90 minute lessons (high school). If an outside instructor is providing the content, the information is given in classes for a week straight. Along with consent, the BSD teachers include assertiveness, healthy and effective communication, healthy relationship lessons.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

Implementation of Consent Education curriculum was delivered by CRSD teachers and specialists utilizing the Teach Consent.org curriculum. The lessons and units presented from the primary curriculum engage students in grades 7 through high school with a wide range of issues which may relate to their lives. The lessons cohere with relevant policies and procedures for the environment and have been adapted, as deemed necessary. Several resources have been uploaded into Schoology to provide consistent implementation.

CRSD used a number of resources to deliver Consent Education to students in grades 7, 8, and high school with the primary source being Teach Consent. This is not an inclusive list of all resources –

- Teach Consent (teachconsent.org) – PRIMARY RESOURCE
- Dcadv.org (<https://dcadv.org/welcome.html>)
- Delaware’s Healthy Relationships Curricula (<https://safeandrespectful.org/wp-content/uploads/Healthy-Relationships-Curricula-Delaware.pdf>). This standards-based curriculum is learning focused and includes units for grades 6- and 9-12. The units and evaluation tools provided in this packet can also be accessed on the Health Education Model Units of Instruction section of the DDOE website. Kidshealth.org
- SecondStep (John S. Charlton)

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain. [Title 14 §4167\(a\)](#)

- Physical Education Teacher
- Health Education Teacher
- School Counselor
- School Nurse

- Presenter from selected program/resource
- Other (Please explain): _____

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Keith Wisher, Supervisor of Instruction

Submission Information:

Please submit the completed form by **November 15th**, to:

Sabra Collins
Education Associate, Physical Education, Health and Wellness

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Coordinator Email: michael.young@cape.k12.de.us

Coordinator Phone: 302-645-6686

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2023 count)
Cape Henlopen High School	Planned Parenthood “Be Proud, Be Responsible!”	9, 10, 11, 12	9 = 519 10 = 470 11 = 482 12 = 342
Beacon Middle School	Planned Parenthood, “Yes, And...”	7 and 8	7 = 227 8 = 219

Mariner Middle School	Planned Parenthood, "Yes, And..."	7 and 8	7 = 217 8 = 223

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

At Cape Henlopen High School, the Be Proud! Be Responsible! Program is used. This is provided through Planned Parenthood. It is taught for six class periods each semester and is taught toward the end of each semester.

At the middle schools we used Planned Parenthood: "Yes, and..." curricular materials. The program consists of three modules per grade band (7 – 8) allowing for age-appropriate instruction. The three modules are 1. What is Consent?, 2. What is NOT Consent? And 3. How and When to Ask for Consent. This curricular resource comes with instructor professional learning to help develop instructors' skill prior to teaching as well as resources if students disclose a consent violation. The delivery takes three days of approximately 90 minutes each day and includes resources for teaching students in a remote environment as well as in-person. A full description of the materials including activities and plans can be found at

https://drive.google.com/file/d/1v2-t5q4MwDKU-Gt-C_vNASLnNO2nsxxV/view

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

Health teachers at both the middle and high schools, delivered the curriculum and lessons in a mixed digital model with resources and videos from the AMAZE platform. These lessons were incorporated into Google interactive slides and provided to students as Schoology assignments for them to work through and complete. The AMAZE program provides relevant sexual health videos, educational resources, and lesson plans to promote appropriate adolescent development. Teachers developed lessons connecting healthy and unhealthy relationships, which took place over the course of a week with about 250 minutes dedicated to these topics. These assignments are completed as part of in person class work, as well as asynchronous work by students and provided opportunities to engage with topics that are meaningful to developing healthy relationships.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

During the 2023/2024 school year, Consent Education was delivered through a combination of guest speakers, digital resources, and in-class instruction. Guest speakers from organizations such as Planned Parenthood, ARC, and AIDS Delaware provided presentations using PowerPoint and group activities to engage students and enhance understanding. Additionally, the online resources LoveIsRespect.org and TeachConsent.org were utilized to teach consent at the middle and high school levels. Health and PE teachers incorporated interactive modules, videos, and digital worksheets into their instruction. Lessons varied in length based on staffing and student attendance, ranging from 1-hour sessions to a total of 3.5 hours spread across three lessons. This flexible approach ensured maximum student participation while covering the critical topic of consent.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain. [Title 14 §4167\(a\)](#)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Consent education was delivered in grades 7-12 during health and/or PE classes. For those students grade 11 and 12 who are not participating in a health/PE class, we utilized our Academic Advisory to identify activities that can be delivered on a schedule to be able to work with all students. At the high school, the primary vehicle will remain the health and/or PE class. They utilized the instructional materials available from One Love or Planned Parenthood over multiple class sessions (each class around 1 hour in length at the middle school; 70-minute block classes at the high school)

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2023 count)
George Read Middle	One Love	6-8	6-141; 7-180; 8-185
McCullough Middle	One Love	6-8	6-152; 7-181; 8-168
Gunning Bedford Middle	One Love/Planned Parenthood	6-8	6-226; 7-210; 8-291
William Penn High	Planned Parenthood	9-12	9-485; 10-397; 11-323; 12-329

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Consent education was delivered in grades 7-12 during health and/or PE classes. For those students grade 11 and 12 who are not participating in a health/PE class, we utilized our Academic Advisory to identify activities that can be delivered on a schedule to be able to work with all students. At the high school, the primary vehicle will remain the health and/or PE class. They utilized the instructional materials available from One Love or Planned Parenthood over multiple class sessions (each class around 1 hour in length at the middle school; 70-minute block classes at the high school)

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

The Indian River School District has provided all middle and high school Health teachers with two resources: our approved *HealthSmart* curriculum and teachconsent.org. Consent education instruction is planned collaboratively through district PLCs which are held up to 3 times per year on calendared district-wide Professional Learning Days. IRSD Health teachers also have a collaborative Schoology page where they share ideas and resources that can be used in their instructional planning, including consent education.

In middle schools, consent education is delivered during 7th and 8th grade health and sexuality units which teach students about healthy boundaries in relationships and how to communicate overall in a relationship, including communicating personal boundaries. In high schools, consent education is covered through a unit on *Mental and Emotional* health which discusses developing and communicating healthy boundaries. The length of time engaged in consent education ranges from one full lesson that can take anywhere from 1 to 3 classroom periods of at least 40 minutes each, to two to three lessons that may take a full week of classroom instruction.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain. [Title 14 §4167\(a\)](#)

Consent Education Implementation Report

School Year: Implementation during 2023 - 2024

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Friday November 15, 2024**. This report captures implementation from last school year (2023-2024).

[Title 14 §4167\(a\)](#)

Planned Parenthood Consent Program and the Be Proud, Be Responsible/Making Proud Choices resources for consent education are used throughout our district in Health Education classes. Planned Parenthood also provides representatives to present to our Health classes on various topics covered in the curriculum, including consent education.

Consent specific education is mixed throughout the Health courses and is taught, reviewed, and worked through multiple times during the course. Examples of how Planned Parenthood provides consent topics include, but are not limited to: students working through video lessons with evidence-based responses, question and answer discussions, affirming beliefs, practicing skills, key learnings, and role play practice.

Consent education is also covered during various units including, but not limited to: Alcohol, Tobacco, and Other Drugs, Human Sexuality, Social Health and Family Life Education. Activities within these areas include, but are not limited to: in person instruction, worksheets, articles, videos, class discussion, and role-play. Each of the individual schools spends time meeting the consent requirement slightly differently, however on average each school is spending anywhere from 4-6 lessons on consent education. Roughly this equates to anywhere from 2-6 hours depending on how individual instructors structure their lessons. Special recognition to Bonnie Lane at Delcastle for consistently providing resources such as: short stories (case studies) with follow up questions and critical thinking activities regarding consent education and decision making, TeachConsent.org information, articles from Choices Scholastic Magazine, videos from amaze.org and advocatesforyouth.org, as well as, Tea and Consent from YouTube, along with digital materials that can be utilized in the classroom.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 §4167(a)

Students in Grades 7-9 were taught Consent Education in Health Class while students in Grades 10-12 were provided resources through school counselors, guest speakers and targeted assignments. Students participate in “Huddle” a class used to cover topics and assignments. Consent education utilizes evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as a part of the Family Life and Sexuality Unit(s). In direct collaboration with Delaware Department of Education Health Standards, adopted from the National Health Education Standards, consent education aligns with NHES standards 2,3,4,5,7 and 8. Instruction is provided by licensed educators and their respected guidance departments. Consent education resources include One Love Foundation online curricula, webinars, workshops and G-W Comprehensive Health Skills curriculum. Three concepts are prioritized in dealing with the overall understanding of consent and laws in Delaware, Signs of Healthy Relationship and Signs of an Unhealthy relationship. One Love Foundation online resources, Delaware Laws via Delaware government website, G-W Comprehensive Health Skills textbook and materials.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

[82 Del. Laws, c. 212, § 2.](#)

Consent Education Implementation Report

School Year: Implementation during 2023 - 2024

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Friday November 15, 2024**. This report captures implementation from last school year (2023-2024).

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Sussex Technical School District

Consent Education Coordinator (contact name): Matthew Donovan

Coordinator Email: matthew.donovan@sussexvt.k12.de.us

Coordinator Phone: 302-853-1859

Educational Programming:

Title 14 §4167(a)

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2023 count)
Sussex Technical High School	9th Grade Health	9th Grade	358

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

A team from Turning Point at People’s Place presented a three-part series designed to equip our students with valuable knowledge and skills necessary for fostering healthy relationships and understanding the importance of consent. The primary focus of the presentation covered essential topics related to Healthy Adolescent Relationships, Consent Education, and School Safety, including vital information on preventing teen dating violence.

The presentation utilized an evidence-based program known as Shifting Boundaries. The program has been adapted to suit the specific needs of our local school district and is supported by funding from the Centers for Disease Control and Prevention (CDC).

People’s Place is an organization dedicated to serving the communities of Kent, Sussex, and lower New Castle Counties. Their focus on addressing the unique needs of individuals helps guide them towards personal growth and independence. The instructor’s contact information is listed below.

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2023 count)
Academia Antonia Alonso Charter School	Health Class HealthSmart Curriculum Too Good for Drugs	7 th	7 th grade = 71 students

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for the implementation of Consent Education during the 2023/2024 school year? Describe the program, including the number of hours/lessons and materials used for instruction (i.e., online instruction, in person, textbook, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

At Academia Antonia Alonso, middle school students are required to complete both Health Education and Physical Education courses. In 7th grade, students take a Health class that focuses on building healthy relationships, improving communication skills, and developing social-emotional competencies. This course uses the ETR Health-Smart Curriculum (<https://www.etr.org/healthsmart/>) and the "Too Good for Drugs" program. It is a K-12, skills-based health education program designed to teach students the fundamental concepts and skills needed to make healthy choices, promote their growth and development, and adopt lifelong healthy behaviors.

Throughout the lessons, students practice both verbal and nonverbal communication, including listening skills. They explore and discuss the concept of Affirmative Consent and work in teams to analyze scenarios to determine whether consent is present. The full class engages in discussions about these scenarios. By the end of the unit, students will be able to define Affirmative Consent and explain its significance in healthy relationships.

The lessons are based on the standard:

Standard 1: Comprehending Concepts

- Performance Indicator 1.8.5: Describe ways to reduce or prevent injuries and other adolescent health problems.
- Performance Indicator 1.8.7: Describe the benefits of and barriers to practicing healthy behaviors.

Standard 7: Practicing Health-Enhancing Behaviors

- Performance Indicator 7.8.1: Explain the importance of assuming responsibility for personal health behaviors.

Skills Addressed: Comprehending Concepts; Analyzing Influences; Accessing Resources; Communication; Practicing Health Enhancing Behaviors; Advocacy

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

7 & 8th grade were taught three 45-minute lessons on the topic of consent via information from Christiana Care and Planned Parenthood. The focus is on the "FRIES" consent method. Mr. Plerhoples, Health teacher, delivered the information via in-person classes, PPT and Schoology.

At the high school we use Be Proud, Be Responsible. This is provided in person and conducted by an outside agency (Christiana Care). Instruction will be provided for approximately 9 hours over a span of 2 weeks during 2nd (December 2023), and in March 2024 for students in 3rd and 4th marking periods. Consent education instruction is provided during health class.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Title 14 §4167(a)

Planned Parenthood resources - in person instruction with educational videos, worksheets, scenarios

Students have to identify what types of things/actions in relationships require consent and why it is important. Then we go over the components of consent (FRIES). Planned parenthood videos of what consent looks/sounds/feels like along with examples of when consent isn't provided are watched and discussed.

Students are given various scenarios of providing consent for various activities and how they would express themselves if they didn't consent to various actions. Students create scenarios where consent isn't

Content is Infused in other units:

1. identifying values
2. communication and relationships
3. conflict resolution
4. reproductive health

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

Consent education is provided by the Adolescent Resource Center at Children & Families First. The session is held as a blended session where students from all classes are able to virtually participate with an outside speaker. Students from each homeroom will log in on individual school devices with headphones and follow along as the presenter engages them with the program. Sessions are 90 minutes and completed during the first week of December, 2023.

In addition to the work done by ARC, EastSide also using HealthSmart chapters which include consent education as an element of their curriculum. These are conducted in person over a week long period. As students in $\frac{7}{8}$ have health (rotated by trimester) they receive the lessons which are supported by leadership and MHT as needed.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Comprehensive Health Education/Life Skills: Botvin Program

GRADES 9-12

The students at the 9th grade level will receive instruction in two places: health class via the health teacher and in Advisory via the Advisory teacher. Students in grades 10-12 will receive follow-up instruction in Advisory class via the Advisory teacher and guest instructors/speakers.

ECHS also provides instruction to parents during Parent Academy Sessions with topics such as digital footprints, monitoring teen's mental health, monitoring teen's behavior, Title IX.

Grade 9

Health Class by Unit, Key Concepts, National Health Education Standards, Learning Activities

Unit	Unit Name	Key Concept	Essential Standards	Learning Activity
Unit 1	Introduction to Health and Wellness	Personal Health and Behavior	NHES 2: Students will analyze the influence of family, peers, culture media, technology and other factors on health behaviors.	Learning Styles Survey Partner Sharing Articles
Unit 2	Emotions and Behaviors	Self-Image and Self-Esteem Self-Actualization Social Norms Emotions Values Assertive, Aggressive, Passive Behaviors	NHES 2: Students will analyze the influence of family, peers, culture media, technology and other factors on health behaviors. NHES 4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks. NHES 7: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.	Behavior Quiz Writing Assignment Maslows Hierarchy Example Emotions Skits “I Like Me” youtube “Believe in Yourself” youtube
Unit 3	Communication	Effective Communication Active Listening Decision Making Model Living with Decisions Refusal Skills	NHES 4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks. NHES 7: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.	Assertiveness Quiz Case Scenarios “I” Statements Steps for Refusal Graph Choices and Consequences

Unit 4	Alcohol, Tobacco, and Other Drugs	Underage Drinking External Influences	<p>NHES 2: Students will analyze the influence of family, peers, culture media, technology and other factors on health behaviors.</p> <p>NHES 4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.</p> <p>NHES 5: Students will demonstrate the ability to use decision-making skills to enhance health.</p>	<p>“Perception Activity”</p> <p>Effects of Alcohol</p> <p>Ads on Alcohol</p> <p>Alcohol Sorry Game</p> <p>Drug Risks and Effects</p>

Grades 7-12 Advisory Class

Middle school students attend Advisory class every day for 45 minutes. The high school students attend two times per week for an hour.. The Advisory serves as a support system for all students. It is a place where students can feel safe and connected to staff and other students. Students will focus on personal and academic growth while acquiring the necessary life skills needed to become a productive and positive citizen. Students will be actively engaged in creating an environment where diversity is appreciated and develop the self-esteem necessary to feel that they can make a difference in the world.

Advisory offers emotional support for students during adolescence. The social networks that are so important at this age can be disrupted by the transfer to high school. Advisory offers support in two forms. First, it supplies built-in peer groups for all students in a high school, including new students. Second, it gives students an adult who knows them well and who can offer advocacy and support in difficult social and academic situations. This is especially true for students who have few close adult relationships outside school or are at risk of dropping out. Ideally, the advisory teacher is someone the student knows he or she can trust and talk to about his or her progress and standing in the school.

Advocates of advisory programs see a direct link between a student's emotional and social experience and academic achievement. Advisory promotes self-esteem. It provides peer recognition in an accepting environment, offsetting peer pressure and negative responses from peers in other areas. Students in advisory programs are less likely to drop out and have a lower incidence of substance abuse. By having a more in-depth relationship with teachers, parents are more informed about their child's academic needs and successes and can better support them.

In order for an advisory to be effective, it must reflect and be a substantial component of the school's mission. An advisory is not just an "add-on" to the curriculum: it requires a substantial investment of time, planning and reflection. Even schools that have maintained their advisories over many years constantly reconfigure them -- often every year -- in order to effectively address the needs of students and the school.

Advisory provides a personalized and trusting environment that nurtures the physical and emotional well-being of all students and supports academic success through the building of community and the ability to make sound moral and ethical life choices.

Non-Academic Topics Covered in Advisory: Internet safety, personal safety, making the right choices, Bullying, Dating Violence, building healthy relationships, anxiety/stress/mental health, defining respect and respecting others.

ECHS Parent Academy 2024-25

Parent Academy will be held immediately following the monthly PTSA business meeting. Parent Academy is designed to educate parents on varying academic subjects like college readiness, college application, studying habits, etc. In addition, Guest speakers provide presentations on internet safety, bullying, dating violence, healthy teen relationships, Title IX, etc. These Academy sessions are held monthly for one hour.

1. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

For the 2023-24 report, please provide expected process and materials

The health curriculum is taught by the health teacher in Grades 7, 8, 9

- three sections of 27 seventh graders in 75 minute classes every other day for the entire school year
- three sections of 26 eighth graders in 75 minute classes every other day for the entire school year
- six sections of 32 ninth graders in 90-minute classes for a semester
 - The textbook is entitled, *Health* (ISBN-13: 978-0133270303; ISBN-10: 0133270300)
 - Savvas *Health* ©2014 delivers high school students the tools necessary for developing and enhancing healthy behaviors that influence lifestyle choices. This relevant, integrated text and video program stimulates classroom discussion, helping students' master skills essential to successful health education. Teachers can expect an unparalleled array of resources delivered online via iPad, Android

or DVD, including a variety of differentiated instruction components that support academic achievement at every learning level.

- Advisory Classes are each day for one hour for all four grades.
- PTSA Parent Academies are held once per month for one hour.
- Brandywine Counseling & Community Services is a new partner for ECHS@DSU. Currently, it provides prevention education programs through its SQUAD (Students on a Quest Uniting Against Drugs/Alcohol) and Pop (Peer Outreach for Prevention) through the ECS Health classes for Grade 9. With the ECHS College Readiness Hornet Help Program, Brandywine Counseling can provide more programming for families as well as students.
- The Center for Child Development provides professional therapists who partner with school districts to provide mental health services directly in the schools. The therapists are trained to handle issues such as depression, anxiety, self-esteem, poor social skills, anger management, etc. Counseling is offered on a voluntary basis and provided in the school setting. Services include individual, family and group counseling, as appropriate. Counseling will not conflict with academics; rather it is hoped that it will enhance academics as well as other aspects of the child's and family's lives. The CCD also provides workshops for parents and teens.
- The Delaware State University Title IX Compliance educates staff, students, and parents on issue/questions/concerns regarding Title IX.
- The Delaware State University Police provides a School Resource Officer who educates ECHS students, staff, and parents on safety and emergency preparedness, as well as internet safety, bullying, and teen dating violence and making good choices.
- [Teachconsent.org](https://www.teachconsent.org); Planned Parenthood was used during the second semester.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
[Title 14 §4167\(a\)](#)

- X Physical Education Teacher
- X Health Education Teacher
- X School Counselor
- X School Nurse
- X Presenter from selected program/resource
- X Other (Please explain): School Resource Officer

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Evelyn A. Edney, Ed.D

Submission Information:

Please submit the completed form by **November 15th**, to:

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

[82 Del. Laws, c. 212, § 2.](#)

Consent Education Implementation Report

School Year: Implementation during 2023 - 2024

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **Friday November 15, 2024**. This report captures implementation from last school year (2023-2024).

General Information:

Title 14 §4167(a) (3)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Consent Education was provided to all students during the 2023-24 school year. In 10th grade, the lesson on Consent was taught during Health class within the unit on Sexual Health & Healthy Relationships. For all other grade levels, the one-period lesson on Consent was taught during Social Studies classes with the support of our Emotional Supports team. They utilized the lesson and discussion guide provided by teachconsent.org (Ask. Listen. Respect.).

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Taught in Person

Resources:

- Project School Wellness Curriculum, (consent chapters)
 - What is consent
 - How to ask for consent
 - Confidently grant or deny consent
 - Google Slides
 - Pre-Post Assessment
- F.R.I.E.S.
 - Google Slide lesson with student understanding assessment (credit to Melanie Lynch, National Health Teacher of the Year)
- Videos
 - Tea, a video about consent
 - Two minutes will change the way your think about consent

Duration:

- Lessons: 5
- Hours: 5+ including student work and exam

Program Description:

- Students will demonstrate understanding of what, why and how consent is important and necessary.

What:

- What are boundaries, and how to label and define behaviors that make them uncomfortable.
- How to create healthy and personal boundaries
- What they can do when boundaries are crossed and who they can go to for help
- What consent is: (F.R.I.E.S.)
- How to ask for consent
- How to give consent
- How to confidently deny consent, say no
- How to handle and respect “no” as an answer

Why:

- So you are not misunderstood, and you do not misunderstand your partner's boundaries
- Consent is NOT optional
- It is the law
- To make the connection that boundaries go both ways; how we want to be treated is how we should treat others.

How:

- Teacher narrated Google Slide presentation
- Student worksheet to demonstrate knowledge
- Proper use of vocabulary, Google Form
- Student role play: How to ask for consent
- Student role play: How to refuse consent, practice different ways to communicate "no"
- Student role play: how to refuse, practice different ways to communicate "no"

Name:	Date:
List 5 questions someone should ask to make sure consent is given?	List 4 responses someone would give if they are cool with what is happening.
List 3 non-verbal cues that show cooperation, permission and readiness.	Draw an image or an emoji that would mean things are cool.

Name:	Date:
Three non-verbal cues or reactions that show discomfort or displeasure are...	Consent does not involve....
Consent CAN'T be given when either partner is.... 1. 2. 3.	Draw an image or an emoji that would indicate things are NOT ok

Class Discussion and Prompts:

- When and where do people need to practice consent?
- How does the presence or absence of consent impact a person's well-being?
- How do you feel when a person does something to you without your consent? (in general, not in a sexual situation) How does this impact your relationship?

Exit Tickets: (assigned after specific lessons)

- #1 How is consent the foundation of positive human interaction?
- #2 How do we know if things are NOT ok?
- #3 We don't give consent when....

Rubric: (Class Discussion)

- **Exceeding Expectations:**
 - Student engaged in the class discussion; sharing responses that are highly thoughtful, detailed, and relevant.
- **Meeting Expectations:**
 - Student engaged in the class discussion; sharing responses that were mostly thoughtful, detailed, and relevant

- **Approaching Expectations:**
 - Student engaged in the class discussion; sharing responses that were somewhat thoughtful, with some detail and mostly relevant
- **Not Yet Meeting Expectations:**
 - Student engaged in class discussion, sharing responses that lacked thoughtfulness, detail and relevancy

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, textbook, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

The consent education program utilized in our curriculum is based on the International Planned Parenthood Federation's (IPPF) "It's All One Curriculum." This program includes two key lessons: *Know it, Own it! Your Sexual Rights*, a 45-minute lesson designed for students ages 8-12, and *The Matter of Consent*, a 45-minute lesson for students ages 13-18.

The *Know it, Own it!* lesson focuses on helping younger students identify appropriate boundaries for touch and personal space, emphasizing the importance of consent. For older students, *The Matter of Consent* fosters a deeper understanding of consent in sexual situations and encourages the development of abstract thinking skills related to sexual rights and boundaries.

Additionally, the *Overcoming Obstacles* curriculum was incorporated, specifically *Module 2: Acquiring Core Skills in Decision-Making*. This module includes five lessons:

1. Making Decisions Big and Small
2. Gathering Information
3. Identifying Options
4. Weighing Options and Consequences
5. Making a Choice

This component of the curriculum helps students understand the factors that influence their decisions, teaching them to recognize and harness their ability to make thoughtful and informed choices, even in challenging situations.

For further information, please refer to the full curricula:

[IPPF's It's All One Curriculum](#)

[Overcoming Obstacles Decision-Making Module](#)

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

MOT Charter - High School Campus	Teachconsent.org	9	9 - 212

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).

[Title 14 §4167\(a\)](#)

Grades K-8 all received instruction during Wellness class using the Mendez Foundation materials, which weaves Consent Education concepts throughout each unit. In total, by the end of the year, this should have constituted approximately 1200 minutes in K and 1, and 1650 minutes in grades 2-8.

In grades K-6, for SY23-24, Consent Education was also delivered through the BESMART program, in which Kindergarten and first grade would have received an additional 30 minutes of direct instruction. In 2nd - 5th grade, they would have received an additional 90 minutes of direct instruction. And in 6th grade, they would have received an additional 45 minutes of direct instruction.

HS - Teacher created materials based on teachconsent.org and Rise Above.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

[Title 14 §4167\(a\)](#)

The Health and PE teachers taught Consent during their Human Sexuality and Healthy Relationships units as a part of their 7-10th grade health curriculum. They used TeachConsent.org and One Love Foundation.

Students in 7/8th grade will received 1 hour (1.5 45-minute lessons) and 9/10th graders received 3 hours (2 90-minute lessons) on Consent. Worksheets and videos created by Teach Consent and the One Love Foundation were used to guide discussion, help provide clear and consistent vocabulary around the concept of Consent and help model consent to empower students as they move out into the world.

7th/8th grade focused on appropriate vs inappropriate touching, personal values, setting and respecting boundaries, refusal skills and building healthy relationships.

9th/10th grade focused on relationship values, setting and respecting boundaries, physical and emotional intimacy, teen dating violence, and building healthy relationships..

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.

List the school(s) with grades 7-12th and the evidence-informed program implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2023 count)
Providence Creek Academy	Health	7/8	7-77 8- 65

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
Title 14 §4167(a)

The planned delivery structure for the educational programming is designed to be part of the direct instruction in the 7th and 8th grade Health course. The certified teacher is responsible for providing the instruction. Students use the textbook *Teen Health*, published by Glencoe. 7th Grade students participate in PE & Health twice per week; 8th grade students participate once per week. The 7 units covered throughout the school year include: Health as part of Daily life, Communication, Healthy Behaviors, Social and emotional health, violence prevention, personal health care and drugs, alcohol and disease.

2. During the 2023/2024 school year, who was responsible for providing Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
Title 14 §4167(a)

- Physical Education Teacher
- Health Education Teacher

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What program(s)/resource(s) were used for the implementation of Consent Education during the 2023/2024 school year? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker).
[Title 14 §4167\(a\)](#)

Power Up. Speak Out!

This program includes five lessons encouraging middle school students to think critically about healthy relationships, power dynamics, boundaries, and consent. These lessons teach students what to do instead of what not to do.

These lessons will be taught to 7th, 8th, and 9th graders through their PE/Health class during the 2021-2022 school year. Each year after (2022-2023 and beyond), the lessons will be taught to 7th graders and any new students attending POCS in grades 8 and 9.

5 Lesson Toolkit (40-50 minutes each):

1. Healthy Relationships – Students will define a relationship as a connection between two or more people and identify healthy relationship statements.
2. Power in Relationships – Students will examine the concept of one-sided power and two-sided power in peer relationships and identify Red Flags.
3. Boundaries in Relationships – Students will identify that personal boundaries are self-created, can change, and need to be respected, use the Red Flags to examine when personal boundaries are not respected, and identify “put-downs” as an example of disrespecting personal boundaries.
4. Consent in Relationships – Students will define consent as permission to cross a boundary, identify consent forms, identify “got consent?” statements, and examine the lack of consent by applying the Red Flags and Boundaries.
5. Healthy Relationships in Action – Students will identify conditions that make it easy or difficult for people to be themselves, be treated well, be able to say no, and have fun in their relationships, and identify how they can use their power so that everyone can be themselves in their peer and dating relationships.

Students Empowered

This is a monthly program that has been implemented to empower the identified female students who attend POCS. Our Licensed Clinical Social Worker (LCSW) organizes guest speakers and outside agencies who instruct our students and develop lessons of our own to address issues such

as body image, social media, healthy relationships, etc. During the 2022/2023 school year, identified female students would meet every couple of weeks for 45 minutes with instructors from the Delaware Adolescent Program Inc. (DAPI) to complete a 13-week curriculum called Love Notes. This has been organized through Students Empowered by our LCSW. The curriculum addresses making wise relationship and sexual choices, recognizing your values, understanding red flags of unhealthy relationships, and developing skills to form and maintain healthy relationships.

Students Empowered

This is a monthly program that has been implemented to empower the identified male students who attend POCS. Our Licensed Clinical Social Worker (LCSW) and PBIS Coordinator organize guest speakers and outside agencies who instruct our students and develop lessons of our own to address issues such as body image, social media, healthy relationships, etc.

During the 2022-2023 school year, identified male students are meeting every couple of weeks for 45 minutes with instructors from the Delaware Adolescent Program Inc. (DAPI) to complete a 13-week curriculum called Love Notes. This has been organized through Guys Group by our LCSW. The curriculum addresses making wise relationship and sexual choices, focuses on recognizing your values, understanding red flags of unhealthy relationships, and developing skills to form and maintain healthy relationships.

2. During the 2022/2023 school year, who provided Consent Education to all students in grades 7-12th? Please check all that apply and/or use the other category to explain.
