RE: FFY 2023 LEA Determination Under the Individuals With Disabilities Education Act (IDEA)

Dear Ms. Stouffer:

Thank you for your ongoing dedication and commitment to educating students with disabilities. We encourage you to use the information in this report to celebrate growth and identify opportunities for continued improvement.

Under the IDEA, the Delaware Department of Education (Department) has a responsibility to review the data of local education agencies (LEAs) relating to targets identified in the State's Performance Plan (SPP) and to make annual determinations based on LEA performance. The State must monitor the implementation of Part B, enforce Part B in accordance with the provisions at 34 CFR § 300.604(a)(1), and (a)(3), (b)(2)(i) and (b)(2(v), and (c)(2), and annually report on performance under Part B. The primary focus of the State's monitoring activities must be on:

- Improving educational results and functional outcomes for all children with disabilities; and
- Ensuring that public agencies meet the program requirements under Part B of the Act, with a particular emphasis on those requirements that are most closely related to improving educational results for children with disabilities.

For FFY 2023, LEAs are receiving their annual determination based on a combination of the following compliance and results indicators:

Compliance:

	omphance.	
•	Indicator 4B	Significant Discrepancy in the Rate of Long-Term Suspensions and Expulsions of Students with Disabilities by Race/Ethnicity and Noncompliant Policies, Procedures, and Practices
•	Indicators 9 & 10	Disproportionate Representation Related to Identification
•	Indicator 11	Timely Initial Evaluations
•	Indicator 12	Early Childhood Transition from Part C to Part B
•	Indicator 13	Transition Planning in the IEP
•	Timely/Accurate Data	Child Count Data, Exiting Data, Discipline Data, Maintenance of Effort, Excess Cost, Focused Monitoring, CEIS/CCEIS
•	Relevant Audit Findings	Cyclical Monitoring of Special Education Records, Cyclical Fiscal Monitoring, Single Audit/Delaware Division of Accounting

The Delaware Department of Education is an equal opportunity employer. It does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, marital status, disability, age, genetic information, or veteran's status in employment or its programs and activities.

Attached, please find an overview of the "IDEA General Supervision & Reporting Requirements" along with an explanation of how your LEA's determination was calculated. The response table provides the Department's analysis of the reported data, and identifies, by indicator, your LEA's status in meeting its targets.

Based on a review of your LEA's data, the Department has determined your LEA *Meets Requirements* in implementing the requirements of the IDEA. Your LEA is encouraged to continue to analyze current data and develop action steps to improve outcomes for students with disabilities in your LEA.

Your Exceptional Children Resources liaison, Dr. Maria Locuniak, will be in contact with you to review your LEA's IDEA Annual Determination. In the interim, please do not hesitate to contact me by phone at (302) 735-4210, or by e-mail dale.matusevich@doe.k12.de.us.

Sincerely,

Dale Matusevich Director, Exceptional Children Resources

IDEA General Supervision & Reporting Requirements

The Department's General Monitoring Duties Under the IDEA

By way of background, the IDEA requires the Department to monitor the implementation of Part B of the IDEA in the LEAs throughout the State, and to annually report to the public on the performance of the State and each LEA. The Department's monitoring activities must primarily focus on: (1) improving educational results and functional outcomes for all children with disabilities; and (2) ensuring that public agencies meet the program requirements of Part B, with a particular emphasis on the requirements most closely related to improving educational results for children with disabilities. The Department is responsible for monitoring LEAs using quantifiable indicators in certain priority areas, and for using qualitative indicators to allow an adequate measure of performance in each area. IDEA regulations outline the three priority areas as: (1) the provision of FAPE in the least restrictive environment; (2) the State's exercise of general supervision, including child find, effective monitoring, the use of resolution meetings, mediation, and a system of transition services; and (3) disproportionate representation of racial and ethnic groups in special education and related services, to the extent such representation is the result of inappropriate identification.

The State Performance Plan and Annual Performance Reports

The IDEA further requires the State to have a performance plan in place that evaluates the State's efforts to implement the requirements and purposes of Part B of the IDEA, and describes how the State will improve the implementation of Part B. As part of its State Performance Plan (SPP), the State must establish measurable and rigorous targets for various indicators under the three priority areas mentioned above. The SPP currently has seventeen indicators, and the State must report annually to the U.S. Department of Education on the performance of the State under the SPP.

In addition to its federal submission, the Department is responsible for reporting annually to the public on the performance of each LEA located in the State on the targets described in the SPP. On an annual basis, each LEA must use the targets established in the SPP, and the three priority areas mentioned above, to analyze and report on its local performance to the Department. In turn, the Department will review the LEA's performance and assign a determination level.

Based on the Department's analysis of data provided by each LEA, and information obtained through audits, monitoring visits, administrative complaints, due process proceedings, and any other publicly available information, the Department assigns one of the following determination levels: Meets the requirements and purposes of IDEA; Needs Assistance in implementing the requirements of IDEA; Needs Intervention in implementing the requirements of IDEA; or Needs Substantial Intervention in implementing the requirements of IDEA.

Federal and state regulations addressing the SPP, APR, and the LEA's reporting obligations can be found at 34 C.F.R. §§ 300.600-602, 646 and 14 DE Admin Code §§ 927.1.0 through 7.0, and §§ 40.0 through 46.0.
