## EXECUTIVE SUMMARY

Annually, the Delaware Department of Education (DDOE) prepares a report on student discipline as required by 14 *Del. C.* § 703. This year marks the eighth year of reporting. The statute requires a summary of both statewide and school-level discipline data for the three most recent consecutive school years. The report must include the number of out-of-school suspensions, expulsions, alternative school assignments, and in-school suspensions. Data must also be disaggregated by race, ethnicity, gender, grade level, English learner status, incident type, discipline duration, and disability status.

In addition, for each school year, the DDOE must identify schools that meet one or both statutory thresholds indicating either a high rate of suspensions or significant suspension disparities. Every three years, the DDOE is required to notify schools of this status so that a school discipline improvement plan can be developed. The most recent notification occurred during the 2023–2024 school year.

The following pages provide a summary of the discipline data reported to the DDOE by local education agencies (LEAs) for the 2022-2023, 2023-2024, and 2024-2025 school years.

Key findings and trends from the 2024-2025 school year:

- **Overall Discipline Trends:** Total incidents resulting in suspension or expulsion declined by 14% from 2023-2024 to 2024-2025. Out-of-school suspensions saw the largest decline, dropping 20%, while in-school suspensions decreased by 8%. Expulsions remain rare, with fewer than seven per year. Average suspension lengths remained stable at one day for in-school and two to three days for out-of-school suspensions. Expulsion durations ranged from 67 to 118 days. Most incidents were categorized as school violations, with serious reportable offenses representing under 3% of total incidents each year. In-school suspensions were more common for school violations, while out-of-school suspensions were more likely tied to serious offenses.
- **Demographic Patterns:** African American students consistently represented the largest share of suspensions and expulsions relative to enrollment. Students with disabilities accounted for approximately 31% of suspensions each year, and male students represented about two-thirds of all suspensions. Although elementary-level suspensions remained lower than those at the middle and high school levels, they still comprised about 19% of total suspensions annually.
- **Schools and Student Groups Identified:** For the 2024–2025 school year, DDOE identified specific schools and student groups that met the high suspension or disproportionate suspension thresholds. Several schools had multiple student groups above the 15% threshold, including students who are African American, low-income, male, or students with disabilities.

- School Discipline Improvement Plans (SDIPs): Of the schools identified in the 2023-2024 report, 92% submitted SDIPs by the start of the school year. Schools meeting statutory thresholds for the same student group over three consecutive years are required to develop a plan once every three years. The 2023-2024 school year marked the first implementation of this requirement, which had been delayed due to COVID-19. Schools submitted plans to the DDOE on or about July 1, 2025; the annual progress report is due October 30, 2026.
- Technical Assistance and Support:
  - The DDOE, in partnership with Delaware's DE-MTSS Technical Assistance Center (TAC), hosted three workshops and provided coaching to support district and school leaders in developing and implementing SDIPs.
  - On February 26, 2025, the DDOE hosted a panel with district and school leaders to discuss current strategies and barriers for strengthening school climate and implementing effective discipline practices.
  - On August 6-7, 2024, the DDOE hosted the 2024 Social, Emotional, and Behavioral Well-Being (SEBW) Conference, facilitating thirteen workshops to support schools with discipline strategies.

## BACKGROUND AND OVERVIEW

In July 2018, the Delaware General Assembly enacted Senate Substitute 1 for Senate Bill 85 (14 Del. C. § 703) to implement the 2014 guidance from the U.S. Department of Education. The guidance recommended that schools regularly evaluate their discipline policies and practices and monitor progress toward climate and discipline goals. To support this, schools were advised to collect and publicly report disaggregated student discipline data and solicit feedback from students, staff, families, and community representatives. By seeking input from stakeholders, schools could ensure policies and practices were applied fairly, consistently, and appropriately, without disproportionately affecting any student groups.

The Delaware legislation requires schools with high suspension rates or significant suspension disparities to take meaningful corrective action. This includes implementing plans to reduce suspensions and replacing out-of-school suspensions with more effective, restorative discipline interventions (see Appendix A: School Discipline Improvement Plan Legislation). Schools in need of intervention are defined as those with high suspension rates for: (1) all students; (2) one or more student groups, such as racial student groups, economically disadvantaged students, students with disabilities, or English learners; or (3) schools with significant disparities in suspension rates between racial student groups or between students with and without disabilities (see Appendix B: Definitions).

Additionally, the DDOE is tasked with preparing an annual report on school discipline, analyzing three consecutive school years of data, and identifying schools that meet one or both of the following thresholds:

- A school with an out-of-school suspension rate for all students or any student group exceeding 15 suspensions per 100 students.
- A school where the suspension gap between the lowest- and highest-suspended racial student group, or between students with and without disabilities, exceeds 10 percent.

The DDOE notifies schools that meet the statutory thresholds annually in the release of the annual report (see Tables 12 and 13). Another provision of the legislation requires schools to submit a school discipline improvement plan if a school is identified as meeting a threshold for the same student group for three consecutive years. The 2023–2024 school year marked the first implementation of this requirement, which had been delayed due to COVID-19.

The legislation also provides specific guidance for the development of the school discipline improvement plans (SDIPs). Schools are required to: (1) Review discipline policies, practices, and data; (2) Assess existing restorative justice practices and recommend improvements; (3) Submit a plan to the DDOE outlining strategies to reduce exclusionary

disciplinary practices or disproportionate use of these practices with racial student groups or students with disabilities, or both; (4) Post the plan on the school's website by the beginning of the following school year, and (5) Submit an annual progress report describing plan implementation and post it on the school's website by October 30.

During the 2023-2024 school year, the DDOE developed an SDIP template and guidance document to support schools in completing the plans (Appendix C: SDIP Template and Guidance). Schools identified in the 2023-2024 report were required to submit an SDIP to the DDOE on July 1, 2025, and the annual progress report is due on October 30, 2026.

## SUMMARY OF STATEWIDE STUDENT DISCIPLINE DATA<sup>1</sup>

**Table 1. Suspensions & Expulsions - 14 Del. C. § 703(a)(3)**

Table 1 shows the number of incidents that resulted in an in-school suspension, out-of-school suspension, out-of-school suspension with Consortium Discipline Alternative Program (CDAP) placement<sup>2</sup>, or an expulsion for the three-year period.

<sup>1</sup> The discipline data in this report is redacted according to the DDOE's Data Privacy Policy. For more information, please see the DDOE website:

<https://education.delaware.gov/community/data/data-privacy/>

<sup>2</sup> Out-of-school suspension (OSS) with CDAP placement is not a reliable metric, as the discipline action is not consistently recorded. Schools more often select OSS because the referral and decision-making procedures for alternative placement take additional time, and the outcome is not always updated in the system.

## APPENDIX A: SCHOOL DISCIPLINE IMPROVEMENT PLAN LEGISLATION

### 14 Del. C. § 703. Student discipline report; school discipline improvement plan.

(a) The Department shall compile and release an annual report on student discipline in all schools as follows:

(1) The analysis must be based on data, as permitted under the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g, collected over the 3 most recent consecutive school years.

(2) The report must be posted on the Department's website no later than October 30.

(3) The report shall include both statewide totals and individual school data, for each of the school years in the report, on the issuance of out-of-school suspensions, expulsions, alternative school assignments, and in-school suspensions, disaggregated by race, ethnicity, gender, grade level, limited English proficiency, incident type, discipline duration, and if the student is identified as having a disability.

(4) The report must identify, for each school year in the report, schools that meet any of the following thresholds:

a. Calculations under this subsection should exclude subgroups that contain fewer than 15 students.

b. A school with an out-of-school suspension rate for all students or any 1 subgroup that exceeds any of the following:

1. A rate of 20 suspensions per 100 students for the 2018 through 2019 school year.

2. A rate of 15 suspensions per 100 students for the 2019 through 2020 school year and each school year thereafter.

c. A school for which the out-of-school suspension gap between the lowest-suspended racial subgroup and the highest suspended racial subgroup, or the suspension gap between students with disabilities and students without disabilities, exceeds any of the following:

1. Twenty percent for the 2018 through 2019 school year.

2. Fifteen percent for the 2019 through 2020 school year.

3. Ten percent for the 2020 through 2021 school year and each school year thereafter.

(b) If a school is identified as meeting a threshold under paragraph (a)(4) of this section for 3 consecutive school years, the Department shall notify the school of this status by December 1 and the school must do all of the following:

(1) Review its discipline policies, practices, and data.

(2) If a school has already implemented restorative justice practices, the school must review the interventions being used to assure research-based quality, scope of training provided, and follow-up support to assure proper implementation. Restorative justice practices program improvements should be made based on this review.

(3) Submit a plan to the Department that identifies the strategies the school will implement beginning in the following school year to reduce the use of exclusionary disciplinary practices or disproportionate use of exclusionary disciplinary practices with racial subgroups or students with disabilities, or both.

a. The plan may be part of their school improvement plan.

b. The plan must be developed with input from students, parents, educators, administrators, and community stakeholders to incorporate strategies to promote fairness and equity in discipline.

c. The plan may increase or improve professional development opportunities for educators, administrators, and staff. Components of such professional development may include 1 or more of the following:

1. Restorative practices.
2. Trauma informed care.
3. Implicit bias awareness.
4. Cultural competency.
5. Classroom management.
6. Other appropriate programming.

d. The plan must be approved at either a public local school board meeting or a charter school's public board of directors meeting.

e. The school must submit the plan to the Department and post the plan on the school's internet website no later than the beginning of the following school year.

f. The school shall submit to the Department an annual progress report describing the implementation of the plan and post the progress report on the school's internet website no later than October 30. The school may cease submitting a progress report when the school does not meet a threshold under paragraph (a)(4) of this section for 3 consecutive years.

(c) The Department may promulgate regulations necessary to implement and enforce this section. The Department must consult with school administrators, parents, educators, and other stakeholders in developing regulations under this section.

As required by [14 Del. C. § 703\(b\)](#)

A school that has been identified as meeting a threshold under 14 Del. C. § 703(a)(4) is responsible for submitting a plan that identifies strategies the school will implement beginning in the following school year to reduce the use of exclusionary disciplinary practices or disproportionate use of exclusionary disciplinary practices with racial subgroups or students with disabilities, or both. This form is a suggested template that is intended to be a guide to schools that are required to submit a School Discipline Improvement Plan.

*Schools also identified as qualifying for comprehensive support and improvement (CSI) or targeted support and improvement (TSI) or as out of compliance with the Individuals with Disabilities Act (IDEA) Determination Indicator 4A must include in this plan, information around how the school intends to align its strategies related to discipline and satisfy the state and federal requirements. The statute also allows schools to include this plan as part of their school improvement plan.*

## **SCHOOL DISCIPLINE IMPROVEMENT PLAN**

### *Guidance Document*

#### **1. What is the School Discipline Improvement Plan?**

In 2018, Senate Bill 85 was enacted to comply with guidance from the U.S. Department of Education, which recommended regular evaluation of school discipline policies and practices. The bill required that schools collect and publicly report disaggregated student discipline data, and solicit feedback from students, staff, families, and community representatives. In addition, it required schools that suspend at a high rate or that show significant suspension disparities to take meaningful corrective action by implementing plans to reduce these numbers and by replacing out-of-school suspensions with more effective and restorative discipline interventions.

#### **2. Where can I find the legislation?**

The School Discipline Improvement Plan can be found at [14 Del. C. § 703](#).

#### **3. What are the responsibilities for the DDOE?**

The DDOE is required to prepare an annual report on school discipline that must be posted on the Department's website no later than October 30. The report must include the following analysis of discipline data over the 3 most consecutive school years: "statewide totals and individual school data, for each of the school years in the report, on the issuance of out-of-school suspensions, expulsions, alternative school assignments, and in-school suspensions, disaggregated by race, ethnicity, gender, grade level, limited English proficiency, incident type, discipline duration, and if the student is identified as having a disability." The report must also identify the schools with significant disproportionality for each school year in the report, and the DDOE is responsible for notifying the schools of this status by December 1.

#### **4. How are schools identified as needing a plan?**

Schools that meet any of the established thresholds in the legislation for 3 consecutive school years will be identified by the DDOE as needing a plan. This section of the legislation was not previously implemented due to the impact of COVID-19; however, the DDOE now has three full school years of onsite attendance since the legislation passed. As of October 2024, any school that meets a threshold for the 3 most recent consecutive school years will be identified as needing a plan in the annual report.

# **SCHOOL DISCIPLINE IMPROVEMENT PLAN**

## **5. How does this align with other state or federal requirements?**

Schools also identified as qualifying for comprehensive support and improvement (CSI) or targeted support and improvement (TSI) or as out of compliance with the Individuals with Disabilities Act (IDEA) Determination Indicator 4A must include in this plan, information around how the school intends to align its strategies related to discipline and satisfy the state and federal requirements. The statute also allows schools to include this plan as part of their school improvement plan.

## **6. What are the thresholds?**

A school with an out-of-school suspension rate for all students or any 1 subgroup that exceeds a rate of 15 suspensions per 100 students, or

A school for which the out-of-school suspension gap between the lowest-suspended racial subgroup and the highest suspended racial subgroup, or the suspension gap between students with disabilities and students without disabilities, exceeds 10%.

Subgroups that contain fewer than 15 students are excluded.

## **7. What are the responsibilities for the LEAs?**

The LEAs are responsible for: 1. reviewing its discipline policies, practices, and data; 2. reviewing any restorative justice practices that were previously implemented and recommending program improvements; and, 3. submitting a plan to the DDOE identifying the strategies the school will implement beginning in the following school year to reduce the use of exclusionary disciplinary practices or disproportionate use of exclusionary disciplinary practices with racial subgroups or students with disabilities, or both. The school must submit the plan to the DDOE and post the plan on the school's website no later than the beginning of the following school year.

## **8. How will schools be notified?**

LEAs will receive unofficial notification prior to October 30, which is the date the report must be posted to the DDOE's website. In November, official notifications will be sent electronically to identified schools.

## **9. Does the Delaware Department of Education (DDOE) have a template for the plan?**

The DDOE created the School Discipline Improvement Plan template to be a guide for schools that are required to submit a School Discipline Improvement Plan. The statute also allows schools to include this plan as part of their school improvement plan.

## **10. Who develops the plan?**

The school is responsible for developing the plan with input from students, parents, educators, administrators, and community stakeholders.

# SCHOOL DISCIPLINE IMPROVEMENT PLAN

## **11. Who must approve it?**

The plan must be approved at either a public local school board meeting or a charter school's public board of directors meeting.

## **12. When must the plan be submitted to DDOE?**

Schools must submit the plan and any annual progress reports to the DDOE School Climate mailbox ([DDOE.SchoolClimate@doe.k12.de.us](mailto:DDOE.SchoolClimate@doe.k12.de.us)) no later than July 1.

## **13. Where does it have to be posted?**

The plan and any annual progress reports must be posted on the school's website.

## **14. How long is the plan in place? Are annual progress reports needed?**

The plan is in place for a minimum of 3 consecutive years. The school is required to submit an annual progress report to the DDOE describing the implementation of the plan and posting the progress report on the school's website no later than October 30. The DDOE recommends that the school consider a quarterly review of its data to ensure that they are moving in the right direction toward meeting their goals. The school may cease submitting a progress report when the school does not meet a threshold for 3 consecutive years.

## **15. Will the DDOE provide technical assistance with developing the plan?**

The DDOE will provide ongoing technical assistance opportunities to LEAs. For more information, please contact the Education Associate for School Climate at [Rosalie.Morales@doe.k12.de.us](mailto:Rosalie.Morales@doe.k12.de.us).

## **APPENDIX D: SUSPENSIONS & EXPULSIONS FOR INDIVIDUAL SCHOOLS**

Appendix D presents the number of incidents that resulted in an in-school suspension, out-of-school suspension, out-of-school suspension with CDAP placement, or expulsion over a three-year period for each individual school.
